Course Deletion Form

Directions:
After review by Department Chairperson and Dean submit this form to the University Curriculum Committee in care of the Office of Academic Affairs.

1 Department/Program: Behavioral and Social Sciences

2 Course Information: PSYC/ 3800/ Introduction to Experimental Psychology
Prefix Number Title

3 Effective date of deletion: Summer 2009 (Date of next catalog)

4 Reason for request:

There is significant overlap between PSYC 2825 (Introduction to Research Methods), PSYC 3800 (Introduction to Experimental Psychology), and PSYC 4825 (Advanced Research Methods). The decision was made to eliminate PSYC 3800 because this approach (a tour through research methods within each psychology sub-field) is being phased out across the country in favor of general research method classes (PSYC 2825 and PSYC 4825).

5 Does this course deletion affect degree requirements in your, or any other, department or program (include majors, minors, certificates, general education, BA/MA)? Yes. This course impacts the old Psychology Major. A new revision of the Psychology B.A. is in this package of changes. The department has solicited input from all extended domestic and international campuses that offer this class and worked to ensure any changes can be handled by every site.
If yes, please attach revised catalog copy. See attached

6 When and where was this course last taught? (Be sure to consider all Webster campus offerings, as well as online classes.) This class has not been taught on the main campus since Fall 2000. It was last offered in Geneva in Fall 2006.
Please check all sites.

7 Was this course coded for General Education? NO If so, which code(s)? _____

8 Was this a pre-requisite for another course? NO
