

Certificate in Animation Production

The certificate in animation production is designed to give students from all academic disciplines within the university an opportunity to explore the principles, theory and practice of animation. Students will have the opportunity to complete additional coursework in several areas focusing on the fundamentals of storytelling, acting, drawing and experimentation. The Certificate in Animation Production is only available to students not majoring in Animation.

Student Learning Outcomes

Successful graduates of the program will gain:

A comprehensive traditional foundation in 2D animation

Fundamental production skills to fully develop and execute all aspects of an animated work

Storytelling skills in both long and short form

An understanding of theory, critical assessment and history of animation
