GENERAL INFORMATION

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA) states that Directory Information may be released to third parties without the consent of the student. Webster University has adopted an internal institutional policy to release, upon request by a third party, information to confirm enrollment, attendance, and degrees earned. Directory Information includes: student's name, local/permanent address, email address, local/permanent phone number, enrollment status, class schedule, degrees earned, dates of attendance, major field of study, admission status, campus, school or college, division, class standing, awards/honors, photographs, class rosters, participation in officially recognized activities or sports, weight and height of student athletes.

Student's address, telephone numbers and their class schedules will not routinely be released to third parties, except at the discretion of the Registrar or a staff member who has undergone FERPA training.

REQUEST FOR NON-DISCLOSURE OF DIRECTORY INFORMATION

Students have the right to restrict the disclosure of Directory Information by completing the appropriate form at the Office of the Registrar, Academic Advising Center or Extended Campus while the student is currently enrolled. Non-disclosure will be enforced until the student subsequently releases the information. The University will honor this request but cannot assume responsibility to contact the student for future permission to release information. Regardless of the effect upon the student, the institution assumes no liability for honoring the request to restrict disclosure of Directory Information.

Restriction of Directory Information will preclude Webster University's ability to confirm your attendance or, if in effect upon graduation, disclose the degree attained for employment, credit, or other purposes. All future requests for Directory Information from third parties will be refused.

SCHEDULE CHANGES

Graduate & Undergraduate

Students may change their schedules by dropping and adding classes (if the class is open) up to and including the week before classes begin. During the first week of the term, students may add classes with the permission of the instructor and the signature of the advisor. During the first two weeks of the term, students may drop classes with the signature of an advisor. **Students are financially responsible for all courses not officially dropped by the deadlines.** After the drop period, students wishing to change (reduce) their schedules must **withdraw** from a class, which means they will receive a grade of "W" on their transcript. The withdrawal period lasts through the first 3/4 of a term. "Last day to withdraw" dates are listed in the calendar at the front of this schedule. **Drop and add forms and withdrawal petitions** may be obtained in the Registrar's Office, Academic Advising Center, or a metropolitan site.

With the exception of campus visitors and guests, all parking requires a campus parking permit. All parking permits are issued during the month of August for the traditional 12-month academic year, but may be purchased throughout the year. All tags purchased after January 1 are prorated based on the annual fee. Student permits are available for purchase at the beginning of each term and semester at the Business Office along with all other types of permits during normal business hours or may be ordered over the Web.

WINTER WEATHER WATCH

In circumstances involving severe weather such as snow or ice, Webster University administrators will determine the condition of roads and walkways. Bad weather closing will be announced on these local radio and television stations: KMOX (1120 AM), FOX 2 (Channel 2), KMOV (Channel 4), and KSDK (Channel 5).

Most stations begin reporting school closings at 5:30 a.m. If you hear the message that Webster University is open, but operating on a "Snow Schedule", the university will open at 10:00 a.m. Classes beginning at 5:30 p.m. will be notified after 10:00 a.m. Should the university need to close during the day or cancel evening classes, the radio and television stations will be notified soon after the decision is made. For current updates, please call the university switchboard at 314-968-6900.

Students, faculty and staff can sign up for Webster Alerts via <http://www.webster.edu/technology/websteralerts/> to be notified of school closings and of other campus emergencies.
