Psychology (BA)

This program is offered by the College of Arts & Sciences/ Psychology Department. It is available at the St. Louis home campus and at select U.S. and international campuses. Please see the Locations Offering Undergraduate Programs section of this catalog for a list of campuses where this program is offered.

Program Description
The bachelor of arts (BA) in psychology is designed to provide students with a foundation in the field of psychology. Students will gain an understanding of the complexity and diversity of human behavior and the psychological theories and concepts which help explain human behavior. Consequently, students who have successfully completed the degree may be able to apply psychological principles to become a more effective manager, supervisor or educator. In addition, some students may be able to pursue a variety of career and graduate opportunities within psychology, counseling and related fields (e.g., nursing).

Students graduating with a bachelor of arts (BA) in psychology will need to pursue a graduate degree before they are able to obtain professional licensure. Students are encouraged to check entrance requirements for any post-graduate program prior to finishing their BA at Webster in the event they need to take additional coursework.

Learning Outcomes
Upon completion of the program, students will be able to:

- Describe the major concepts, theoretical perspectives, empirical findings and historical trends in psychology.
- Implement the use of critical and creative thinking, skeptical inquiry and, when possible, the scientific approach to examine problems related to psychology.
- Describe the research methods and statistical techniques used in psychology.
- Discuss the factors contributing to diversity, multiculturalism and inequality within an international context.
- Discuss the occupational pursuits available in a variety of settings given their psychological knowledge, skills and values.

Degree Requirements
A minimum of 128 credit hours consisting of the following:

- 49 required credit hours in the psychology major (52 required for emphasis in mental health)
- 3 international language requirement credit hours
- Applicable University Global Citizenship Program hours
- PSYC electives (18 hours for BA, 9 hours for emphasis in mental health)

Special Requirements

- Courses completed with a grade below a C- do not count toward fulfilling the specific course requirements of the major.
- Within required 49 (or 52) hours, 24 hours must be at the 3000-level and above, with at least 12 hours at the 4000-level.
- No more than 6 credit hours obtained in senior thesis, practica, independent learning experiences, reading courses and assessment of prior learning may be applied toward the 49 (or 52) credit hours required for the major. However, students may use any number of thesis, practica, independent learning experiences, etc. toward their overall bachelor degree requirements of 128 credit hours.

- Transfer students can apply up to 15 credit hours of approved PSYC course work from other colleges/universities towards the PSYC major. Students may transfer in 3 credit hours of approved foreign language course work to meet the International Language requirement for psychology.

International Language Requirements

- A minimum of 3 hours in a non-native language (expertise demonstrated by coursework or testing) are required in addition to the requirements for the major. Courses used towards the International Language requirement may also be used to fulfill general education requirements or a major/minor in a foreign language.
- Transfer students who have completed their 3 credits at an institution of higher education are considered to have fulfilled the requirement, as are students who have scored a “3” or higher on an Advanced Placement exam in a non-native language.
- Students whose native language is not English and who are studying English will be considered to have achieved their foreign language requirement if they successfully pass an ESL test of their English proficiency (e.g., TOEFL). Students who are from bilingual families but have no evidence of academic study of the second language on a transcript will need to take one course.
