Environmental Sustainability

12 Hours

*This program is offered by the College of Arts & Sciences.*

Program Description

This certificate in environmental sustainability concentrates on the relationship between sustainability and environmental resource management to include managing economic, social, and ecological systems within and external to an organizational entity in order for it to sustain itself and the system it exists within.

All certificate courses must be taken at Webster University. Students may pursue the certificate by itself or integrate their certificate studies with their MS degree program. Students enrolled in the MS degree program in environmental management with an emphasis in sustainability are not eligible to receive the environmental sustainability certificate.

*This program is offered online.*

Requirements

The 12 credit hours required for the graduate certificate in environmental sustainability include the following courses:
