Science Management and Leadership

12 Hours

This program is offered by the College of Arts & Sciences.

Program Description
The certificate program in science management and leadership is designed for professional scientists and engineers who are advancing in their career in management and leadership roles. The program aims to provide these professionals with competencies in project management, leadership, regulatory affairs, intellectual property, and marketing.

All certificate courses must be taken at Webster University. Students may pursue the certificate by itself or integrate their certificate studies with their MS degree program. Students enrolled in the MS degree program in science management and leadership are not eligible to receive the science management and leadership certificate.

This program is offered online.

Requirements
The 12 credit hours required for the graduate certificate in science management and leadership include the following courses:

- SCML 5700 Marketing and Comparative Analysis for Science Management and Leadership (3 hours)
- SCML 5800 Project Management (3 hours)
- SCML 5850 Regulatory and Qualitative Affairs for Science Management and Leadership (3 hours)
- PATA 5120 Foundations in Intellectual Property Law (3 hours)
