Music (MM) in Performance with an Emphasis in Piano, Organ, or Guitar

This program is offered by the Leigh Gerdine College of Fine Arts, and is only available at the St. Louis home campus.

Program Description
The MM in performance provides an intensive curriculum in solo and ensemble experiences culminating in two public solo recitals.

Graduates of the MM program will be trained to further their careers in private studio teaching or public performance as soloists, ensemble members, or composers. The emphasis for each student's training will be determined by individual consultation with the major professor and the Director of Graduate Studies in Music.

The MM in performance conforms to the guidelines specified by the National Association of Schools of Music for accreditation. Webster University is a full member of the National Association of Schools of Music.

Students who desire a more general course of studies may pursue the master of arts (MA) with a major in music.

Admission
Students who are interested in applying to this degree program should also see the Admission section found in the front of this catalog for general requirements.

Departmental Standards and Policies
Students should consult the Academic Warning, Probation, and Dismissal sections of this catalog for further information. In addition, the Department of Music Handbook, available at the Department of Music website, includes departmental policies on admission to candidacy, degree recitals, theses, applied music, and ensembles, as well as other areas that pertain to MM and MA students. This departmental policy manual constitutes an extension of the Webster University Graduate Studies Catalog.

Ensemble Requirement for Graduate Students
All graduate students in music are required to complete two semesters in a major ensemble. Performance majors fulfill this requirement through participation in choir, orchestra, or wind ensemble. Additional performing groups may be chosen for elective credit, or substituted for one semester of major ensemble with the approval of the Department. Specific ensemble requirements are listed with each degree and area of emphasis or study.

Graduate Oral Examinations
The Graduate Oral Examination is required of all students at the graduate level. This examination is based on the student's program of study, and includes topics in music history and literature, music theory, and the area of emphasis or study. Students are expected to demonstrate the ability to integrate and interpret materials and issues in the major field. The exam emphasizes topics dealt with directly in the student's thesis, recital, or other major project presented in fulfillment of the degree requirements.

This is an oral examination conducted by a committee that is appointed by the Director of Graduate Studies, in consultation with the Director of the Area of Study and other members of the faculty. The committee will include a majority of full-time faculty members. The oral examination is usually taken during the last semester of study toward the degree.

Students who fail the oral examination may retake it upon the recommendation of the committee.
