Business Administration (BS)*

This program is offered by the Walker School of Business & Technology/Business Department. It is available at the St. Louis home campus and at select U.S. and international campuses. Please see the Locations Offering Undergraduate Programs section of this catalog for a list of campuses where this program is offered.

Program Description
The bachelor of science (BS)* in business administration covers the breadth of business-related disciplines as defined in the business core curriculum. The major does not provide a specific specialization but rather exposes the student to various business functions. This major is ideally suited to the new or transfer upper-division business student or for the student interested in concurrently pursuing another area of study.

*NOTE: The bachelor of science (BS) degree is abbreviated as BSc when completed in Vienna with Austrian accreditation.

The bachelor of science in business administration is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

Learning Outcomes
- Students use information, analytical tools and problem-solving skills to make well-reasoned business decisions, considering both quantitative factors and qualitative factors such as ethical considerations.
- Students can develop strategies addressing the legal, ethical, economic and global environment in which the enterprise operates.
- Student will have a working knowledge in a set of analytical business tools related to: math, statistics, accounting, economics, marketing, finance and behavioral science.

Emphasis in Sports and Entertainment Management
This emphasis is only available at the St. Louis home campus.

The emphasis in sports and entertainment management is designed to provide students with the knowledge, skills and tools necessary to succeed in the business-side of sports and entertainment. The administration of academic and professional sports and athletic franchises is a large and growing business in the United States and around the world. Sometimes overlooked but also important is the use of professional sports venues to host live entertainment events (concerts, ice events, children's shows). Recognizing the importance of both sports and entertainment, this program provides an inclusive approach providing graduates the skills necessary to be successful in both areas of business.

Emphasis-Specific Learning Outcomes
Upon completion of this program, students will be able to:

- Formulate business operational, managerial and marketing plans central to professional sports team and entertainment organizations.
- Quantify the economic impact that entertainment events and venues bring to communities.
- Apply critical thinking, problem solving and communication skills to the management of the sports and entertainment business sectors.
- Analyze the trends, opportunities and challenges to compete successfully in a rapidly changing sports and entertainment global environment.
