Economics (BA)

This program is offered by the Walker School of Business & Technology/Business Department. It is available at the St. Louis home campus and at select international campuses. Please see the Locations Offering Undergraduate Programs section of this catalog for a list of campuses where this program is offered.

Program Description

The bachelor of arts (BA) in economics provides the student with a foundation in the discipline of economics. After taking the 4 core required economics courses, the major will have the flexibility to: (a) choose 4 upper-level economics elective courses that suit their interest and (b) choose 1 of 3 ‘tracks’ (math, business or liberal arts) that further allows the major to tailor their economics studies to suit their interests and strengths.

Learning Outcomes

• Students demonstrate an understanding of basic macroeconomics concepts and how policy changes impact the economy.
• Students can apply microeconomic concepts to real-world settings.
• Students can apply economic principles to specialized topic areas in economics.
• Students can apply economic principles to their chosen ‘flex track’ (1 of 3 below).
  • Students can apply macro and micro theories to better understand the business world.
  • Students can apply mathematical techniques to analyze economic problems.
  • Students can apply economic principles to better understand cross-disciplinary issues in the liberal arts.

Degree Requirements

A minimum of 128 credit hours consisting of the following:

• 36 required credit hours
• Applicable University Global Citizenship Program hours
