

- Schedule of required readings, class preparations and assignments, lectures, discussions, student presentations, out-of-class assignments and exams.

(Subject to Change)

Friday evening:

Course overview and introductions, literature review of current practices in the area of software use in the classroom, overview of Show-Me Standards, and the ISTE Standards, demonstrations of software programs and examples of teacher use and student use with these programs, discussion and creation of evaluation criteria, and survey of class of needs for Saturday demonstrations and experience with creating a resource database.

Saturday:

Reflecting activity on Friday's work, continue with software demonstrations and discussions of evaluation criteria, individuals will begin creating a resource document according to their classroom needs and we will wrap up with presenting individual software plans.

The Missouri Show-Me Standards are addressed within the content of this course. Identification of specific standards are included within course assignments. Integration of Missouri Assessment Program (MAP) standards and grade levels will be integrated into this course when appropriate.

- Resources:

****Bring in a software catalog or a list of software that your school currently has installed for your use.****
