

Inclement Weather

Severe weather may force the Ozarks Regional campus to cancel classes. Decisions about closing typically will not be made until 3 p.m.

Notification of closing:

We recommend you sign up for the Webster Alert program at http://www.webster.edu/technology/websteralerts/new_account.shtml to receive a text and/or email about any emergency or closing at the campus.

Our cancellations will be posted on Facebook: <https://www.facebook.com/WebsterOzarks>
Springfield's major radio and television stations will carry news of Webster's class cancellations. If classes are canceled, the office also will be closed.

Contact the Ozarks' Regional Campus at 417.883.0200 or 417.861.2212 after 3 p.m. if you have questions about a weather cancellation.
