

Sources for Purchasing Textbooks

Textbook information is available on the syllabus for each class. Syllabi are usually available on our local website at www.webster.edu/ca/campuses/index.htm under the current semester's schedule or at the main office a month prior to the start of the next term. **Please order textbooks early.** Many instructors have reading assignments for the first night of class and some vendors (*excluding* MBS Direct) might take up to three weeks or longer to deliver a book. Be sure to allow plenty of time to obtain the text and prepare for the first class.
