Liaison Services

A librarian is assigned to one or more academic departments on campus. I work with the faculty in my departments to:

- Build a quality library collection to meet departmental needs.
- Provide general assistance with finding information for research or teaching projects
- Serve as a resource for questions or concerns about the library
- Incorporate information literacy into your classes.

Ordering New Materials

To request the purchase of an item for the library collection, contact your department chair or the faculty member assigned to handle purchase requests in your area.

The following deadlines help to ensure that orders are placed in time to expend the funds by the end of the fiscal year:

- By **Nov. 15**, 50% of your library budget should be encumbered or spent
- By **Jan. 31**, 75% of the budget
- By **Mar. 1**, 100% of the budget

Professional Journals

New periodical subscriptions are considered in the spring. Please let me know if there are journal titles you would like the library to consider. Subscriptions are purchased from a central, not departmental, fund.

Our Journal/Magazine/Newspaper A-Z List lists journals available in the library or online. To access:

1. Go to the library home page at <http://library.webster.edu> .
2. Click on Articles / Databases .
3. Click on Journal/ Magazine/Newspaper A-Z List.

Online Databases

Library databases that support research in your field include:

- ERIC
- Mental Measurements Yearbook & Tests in Print
- PsycInfo
- SocIndex
- Academic Search Complete

More databases: <http://library.webster.edu/databases/database.html>

New database subscriptions are considered each spring. Please let me know if you are interested in a new database and we may be able to set up a trial subscription. Electronic databases are paid from a separate library account.
