

**Webster University**  
**Reduced Tuition Application for M.A.T. Graduates**  
**(St. Louis and Kansas City)**

Graduates of the Webster University Master of Arts in Teaching program may enroll in M.A.T. classes (not undergraduate classes) for a special fee per credit hour. Under certain circumstances in which classes have a limited enrollment, current degree-seeking students are given priority. (Online courses are not eligible for this tuition reduction).

The reduced fees are only applicable to 6 credit hours per semester. M.A.T. graduates who are working toward a second M.A.T. degree or an advanced graduate certificate may only apply a total of 6 hours of reduced tuition courses to these programs. The remaining program hours must be taken at regular tuition rates.

This form must be submitted each time you register or add a course.
