

FACULTY WORKSHOP

FRIDAY, 26TH MARCH 2004 17h30 –22h00

The Task Force and I would like to thank you for your great show of interest in this faculty workshop. We received 56 responses to the questionnaire distributed a few weeks ago. Based on the returns and with the help of the faculty who volunteered we have organized interactive workshops on the following three most popular subjects:

1. How to motivate students to participate in their learning more fully
2. How to set appropriate grading standards, to use grades to motivate improved performance, to handle grade disputes
3. Practical tips and tricks of successful teaching

The workshops are designed as a sharing exercise to tap the rich collective knowledge and experience amongst the faculty.

AGENDA

5:30 Academic Overview, Current Events, introduction of the Workshop Leaders
