WL-Stunden pro Jahr		1,560					780			2,340			

Note: An 'x' in the bimester column indicates that the course in question is offered in the given bimester. Since the course cycle is the same each year, the 'x's are included only for the first 5 terms (one year). The combination of numbers and 'x's in any given row thus indicates when and how often the course is offered each year.
