Congratulations on your application to Study Abroad!! This application packet contains two forms that need to be submitted to the Office of Study Abroad (OSA) no later than February 26th.

In addition to these two forms, you will need to include more information along with your application, as listed in the box below. Following are more details on the items and information needed along with this packet:

First, you need two (2) passport sized photos so the OSA can generate your International Student Identity Card (ISIC). Please, write your name on the back of the photos.

Second, the deposit guarantees your place in the program. Please make checks out to Webster University, and write down your student ID. (Non-Webster students, please write the name of the program on your check's memo line.) If the program is not offered, your deposit will be refunded. If the program is offered, the deposit will be credited towards your Study Abroad fee, and other program costs if applicable.

Third, you need to submit a photocopy of your passport—the inside page with your photo—as well as the final page with the barcode.

Fourth, if you are a Webster student, you need to register separately for this course. Your registration is not handled by the Office of Study Abroad, unless you are a non-Webster student. Non-Webster students cannot register until after they have been assigned a Webster ID.

It is your responsibility to speak with your Academic Advisor if you have questions on how this course counts toward your degree.
