

Graduation DVD

A & R Video will produce a video record of the Space Coast Commencement.

Not only will the DVD include the entire ceremony, but the **name and degree of each graduate should appear on the screen** as that person walks across the stage. This is a great way to share Commencement with distant family members or colleagues or to have a keepsake of your special night.

The DVD will be packaged in a CD jewel box and will be mailed to you approximately three weeks after Commencement.

Order a DVD by **Thursday, May 8, 2008** at the Merritt Island, Palm Bay, or Patrick AFB campuses, at a Pre-Commencement Event in Merritt Island or Palm Bay, or by calling **321-449-4500**. When you order your DVD, you will be asked for the address to which each DVD should be mailed and for payment of \$12 per DVD ordered.

Graduation Portraits

Webster University has arranged for two photographers to commemorate your graduation season.

WKS Photography will attend each Pre-Commencement Event to take formal portraits of graduates, alone or with their families. WKS Photography will provide cap and gown for graduates to wear during their portrait sittings. Men should wear a shirt and tie. Women should wear a dressy v-neck or scoop-neck blouse or dress.

These high quality photographs may be viewed on a computer screen immediately after the sitting. Photos may be produced as taken, or with light retouching or with heavy retouching. Individual photos are available starting at \$34.50 and packages are available starting at \$119.50.

Questions about the Pre-Commencement Event Photography may be directed to WKS Photography at 305-531-1872 or at wernerkahnstudio@aol.com. To see sample photos, go to www.wernerkahn.com and click on "Portraits."

Auman Photography will attend Commencement and photograph graduates as they receive their diplomas on stage. Webster University provides one copy of this photo to each Commencement participant. Auman Photography will also be available during the post-Commencement reception to take formal portraits of graduates, alone or with their families. All images taken that evening will be posted online for several weeks after the ceremony. Students may purchase prints or the rights to a digital image. Photo prices start at \$4.95 and the digital image with a copyright release is \$19.
