THE PURPOSE OF THIS EVALUATION

In keeping with Webster's mission to educate students to be lifelong, independent learners in an international community increasingly characterized by interdependence, uncertainty, and changing values, the University is committed to providing programs which allow students to select from curricula to achieve the best education for each individual's particular talents, interests, and goals; to providing excellence in instruction and advising, and to maintaining a university environment which promotes educational excellence.

Your response to this questionnaire will help us assess how well the mission has been accomplished, and at the same time we can learn how the program can be strengthened. It allows you to evaluate the internal and external changes which participation in the program has effected for you. A mature and candid evaluation should be useful to you in assessing your educational experience.

This questionnaire must be submitted to your local campus with your petition to graduate six weeks prior to the end of your last term before graduation.

Using the following rating scale, please respond to the questions below:
