

Business Analytics (MS)

This program is offered by the George Herbert Walker School of Business & Technology and is available at the St. Louis main campus and via Webnet+.

Program Description

Business analytics is the process of transforming data into insights to improve business decisions. The MS in Business Analytics focuses on developing and applying analysis and analytics skills to fulfill significant needs in the Business and Marketing field. Data understanding, data visualization, descriptive and predictive modeling are some of the tools used to create insights from data in the business context. Student will integrate business concepts as well as key methods and tools available for modeling, analysis, and solving challenging problems involving business and marketing data.

Learning Outcomes

By the end of the program, students will be able to:

- Understand and critically apply the concepts and methods of business analytics.
- Identify business problem, prepare and implement suitable analytical model.
- Interpret results and possible solutions.
- Identify appropriate courses of action for a given business and marketing situation.
- Create viable solutions to business decision making problems.

Admission

See the Admission section of this catalog for general admission requirements. Students interested in applying must submit their application online at www.webster.edu/apply. Transcripts should be sent from your institution electronically to transcripts@webster.edu. If this service is not available, send transcripts to:

Office of Admission
Webster University
470 E. Lockwood Ave.
St. Louis, MO 63119

Additional Requirements

Official transcripts from all previously attended colleges and universities (including community colleges and summer courses).

To be eligible for this program, students must have either:

- Earned an undergraduate degree in Business, Marketing, Computer Science, Statistics, and Economics
OR
- Completed college level Algebra and Statistics, in the last 5 years, with a B or better in both courses.
- Have work experience that include business, marketing, database, and analytics

It is preferred that students have a business or marketing background.

Advancement to Candidacy

Students are admitted to their graduate program upon completion of all admission requirements. Students are advanced to candidacy status after successfully completing 12 credit hours with a cumulative GPA of 3.0 or higher. In specialized programs, courses required as prerequisites to the program do not count toward the 12 credit hours required for advancement.
