ANNUAL CRIME STATISTICS

This section of the Annual Security Report explains what type of crimes institutions are directed to include under the Clery Act, as well as how the University obtains and tabulates these statistics each year. Reporting tables are provided which include crime statistics for the calendar years 2018-2020.

Preparation of the Annual Crime Statistics

The statistics included in the Annual Security Report are compiled by the Department of Public Safety (DPS) with assistance from a wide range of other University administrative departments, including but not limited to Campus Directors and Assistant Directors at branch campuses, Student Affairs, Human Resources, and Title IX. DPS collects statistics from these departments and other University Campus Security Authorities (CSAs),¹ on an ongoing basis throughout the year and follows up with an annual request for confirmation that all reports of crimes received by CSAs have already been reported to DPS. DPS also annually requests crime statistics from local law enforcement agencies which could potentially respond to calls anywhere on this campus' Clery reportable geography.

Explanation of the 2018-2020 Crime Statistics Reporting Tables

Under the Clery Act, institutions are only directed to disclose statistics for specific offenses, (collectively referred to as Clery Act Crimes) which were reported to have occurred in one of the following four² geographical locations associated with the University:

On-Campus: 1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; or 2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Public Property: All public property, including but not limited to thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

¹ CSAs include members of DPS, as well as other University employees or volunteers with responsibility for campus security who are not members of DPS, and University officials with significant responsibility for student and campus activities, including but not limited to, student housing, student discipline and campus judicial proceedings. Because official responsibilities and job titles vary significantly on campuses, CSAs are classified by job function, not job title.

² Statistics for incidents occurring in on-campus student housing facilities are separately reported as a subset of on-campus property. However, there are no on-campus student housing facilities associated with this campus at this time.

Non-campus Buildings or Property: Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. *Note that none of Webster University's officially recognized student organizations own or control any property.*

Clery Act Crimes are categorized in four general categories. The Criminal Offenses category includes: Criminal Homicide, including Murder and Non-negligent Manslaughter, and Manslaughter by Negligence; Sexual Assault, including Rape, Fondling, Incest and Statutory Rape; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson. The Hate Crimes category includes any of the Criminal Offenses and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias. The VAWA Offenses category includes: any incidents of Domestic Violence, Dating Violence and Stalking. (Note that Sexual Assault is also a VAWA Offense but is included in the Criminal Offenses category for Clery Act reporting purposes). The final category of Clery Act Crimes is referred to as Arrests and Referrals for Disciplinary Action and includes: Violations of Weapons Laws, Drug Abuse Violations and Liquor Law Violations. **Definitions of each offense are provided in Appendix A.**

It is also important to note:

- statistics are based on reports of **alleged** criminal offenses – and offenses are included regardless of whether or not the crime has been investigated, or whether a finding of guilt or responsibility has been made; and
- statistics are tabulated based on the date the Clery Act Crime was reported, not the date it allegedly occurred.

CAVEAT: The crime statistics provided for part of 2018 are associated with this campus' prior location 1775 W. Hibiscus Blvd., Suite 100, Melbourne, FL 32901. The campus relocated to 5565 N Wickham Rd, Unit 101, Melbourne, FL 32490 during the summer of 2018.

Hate Crimes

In addition to the statistics presented in the Reporting Tables on the preceding pages, institutions are required to report the statistics for hate crimes. There were no reported Hate Crimes during 2018, 2019, or 2020.

Unfounded Crimes

Institutions are also required to disclose whether any crime reports were “unfounded” and subsequently withheld from crime statistics during each of the three most recent calendar years. A crime is considered unfounded for Clery Act purposes only if sworn or commissioned law enforcement personnel make a formal determination that the report is false or baseless.

There were no unfounded crimes in 2018, 2019, or 2020.

CAMPUS SAFETY POLICIES AND PROCEDURES

This section of the Annual Security Report includes information about Webster University's Department of Public Safety, how to report crimes or suspicious activity to the University, and how the University communicates important safety information to its students, faculty, and staff.

Campus Safety

The Webster University Department of Public Safety (DPS) is located at the University's main campus in Webster Groves, Missouri. DPS is led by Director Rick Gerger who has over 20 years of law enforcement experience and holds a Bachelor of Science in Administration of Justice and a Master of Arts in Business and Organizational Security Management. DPS is a member of the University's Finance and Administration division, and reports to the President of the University.

The Director of Public Safety and other department personnel work collaboratively with local law enforcement and administrators and staff at the University's branch campuses. DPS and the branch campus administrators and staff are dedicated to providing protective and safety services to the campus community.

Jurisdiction and Enforcement Authority

Local law enforcement has jurisdiction over all Webster University owned or controlled property associated with this branch campus; however, the Campus Director, DPS, and administrators and staff on the main campus work collaboratively with local law enforcement to enforce University policy, as well as local and federal laws. Only local law enforcement has the power to make arrests on the Webster University property associated with this campus; however, University administrators or staff may assist local law enforcement with making arrests on University property, or with any search or seizure in connection with an arrest related to a crime committed on University property.

There are no written "memorandum of understanding" (MOU) agreements between the University and local law enforcement regarding the investigation of alleged criminal offenses. However, campus administrators and DPS work cooperatively with local law enforcement to enhance public safety services and campus security. None of the University's recognized student organizations own or control any on campus or non-campus buildings or structures.

Local law enforcement and campus administrators are responsible for the day-to-day campus security for all of the facilities on campus. DPS works closely with administrative departments on this branch campus on a dual approach to campus security – which entails both minimizing criminal opportunities whenever possible and encouraging members of the campus community to take an active role in their own personal safety and the safety of others.

The Campus Director and other campus staff also employ a number of techniques to minimize criminal opportunities on campus generally.

Facility Maintenance

The campus' facilities and landscaping are maintained in a manner that minimizes hazardous conditions.

Access to Campus Facilities

This campus includes well-equipped classrooms and administrative space. The University's facilities are generally open during normal business hours and when classes are in session. Campus administrators are responsible for coordinating the issuance of any necessary access cards, keys and access codes for students, faculty and staff, and authorized visitors.

Security Awareness & Crime Prevention Programs

Education is another key component of maintaining a secure campus. The Department of Public Safety at the main campus in Webster Groves offers certain online resources which are available to campus community members at all of its branch campuses. The Department of Public Safety and the Campus Director plan to continue to work collaboratively to continue to develop additional security awareness and crime prevention programming for students, employees or faculty at this campus.

Crime Prevention Programs

The University provides all students, staff and faculty with access to a variety of videos on Campus Safety, including crime prevention tips. These videos can be access from student, staff, and faculty's Webster University Connections page under the "Crisis Response" tab. Additional crime prevention tips are provided in Appendix A to this Report.

Regardless of the specific focus of the programs presented, the University's security awareness and crime prevention presentations emphasize the need for participants to be responsible for their own security and safety, as campus safety requires collaboration between the University, students, faculty and staff.

Additional crime prevention, security awareness programs and resources (including Active Shooter training) are also available to interested individuals and groups of students, parents, staff and faculty by request.

Reporting Criminal or Suspicious Activity and Emergencies

The University strongly encourages all members of the campus community (as well as visitors) to promptly and accurately report any criminal or suspicious activity and emergencies as outlined below as soon as possible, even if the victim of a crime elects to, or is unable to, make such a report. It is essential that all crimes are reported using these methods so that the Campus Director can determine whether a Timely Warning³ needs to be issued to the campus community and consider whether the incident should be included in annual crime statistics.

The University also strongly encourages individuals to report any crimes which occur off campus to the Campus Director. While these crimes are not included in the Annual Security Report,⁴ the Campus Director can work with DPS to determine which local law enforcement agency to contact for assistance.

Contacting the University about Criminal Actions, Suspicious Activities or Emergencies on Campus

Campus community members should report criminal action, suspicious activity or other emergencies occurring on campus to the Campus Director at the main campus number listed in the Quick Reference section of this Report. If a reporting party cannot reach the Director, or the crime, suspicious activity or emergency is taking place outside of regular business hours, reporting parties should contact law enforcement/first responders by calling 911. Anytime an individual reports an incident directly to law enforcement instead of the Campus Director, he or she should follow up with a brief voicemail to the Director.

Confidential Reports

The University understands that there are times when a victim of a crime does not want to pursue action within the university system or the criminal justice system; however, reporting parties may still want to consider making a confidential report. With a reporting party's permission, the Campus Director (or the Campus Director's designee) can file a report without revealing the reporting party's identity. The purpose of a confidential report is to comply with a reporting party's desire to keep the matter confidential, while allowing the University to take the necessary steps to ensure the future safety of the reporting party and campus community. Confidential reports also allow the University to determine where there is a pattern of crime with regard to a particular location, method, or assailant, and assess whether a Timely Warning (described in more detail in the Timely Warning section of this document) is needed. These Confidential reports are also included in the University's annual crimes statistics.

Important note: confidential reporting is not available for reports of sexual assault, dating violence, domestic violence or stalking. As explained in later sections of the Annual Security Report, the University must share the reporting party's identity with a Title IX Coordinator anytime it receives a report involving one of those crimes. See the section of the Report titled "Reporting Sexual Assault,

³ Timely Warnings are Clery mandated safety alerts that are issued to the campus community under certain circumstances. The University's policies and procedures regarding Timely Warnings are explained in a later section of this Report.

⁴ Unless the incident took place on reportable non-campus property as that term is defined by the Department of Education.

Dating Violence, Domestic Violence or Stalking” for additional detail on how to report these types of offenses confidentially.

The University communicates annually with the individuals on the main campus in Webster Groves who act in the role of a licensed pastoral or professional counselors regarding the procedures for Confidential Reporting described above and asks these counselors to inform their clients about confidential reporting as they deem appropriate. Regardless of whether a report is made confidentially or not, statistics included in the Annual Security Report never include any identifying information for any of the involved parties.

University Response to Reports of Crime or Suspicious Activity

Whenever the Campus Director receives a report of a crime or suspicious activity, the Campus Director will relay that information to DPS at the main campus, and work with DPS to document the incident. If the reporting party requests the involvement of the local law enforcement, the Campus Director and DPS can assist reporting parties with this request. Reporting parties should be aware that reports (and any associated investigation) involving students may be referred to Student Affairs and/or a Title IX Coordinator for review and possible disciplinary referral depending on the nature of the report. Likewise, reports involving employees/faculty members may be forwarded to Human Resources and/or a Title IX Coordinator for review and possible disciplinary referral.

Higher Education Opportunity Act Victim Notification

It is University policy to, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Webster Alerts Mass Notification System

Webster University’s Webster Alerts system is powered by Rave Alert™, a global leader in higher education emergency notification. Webster Alerts are used to notify the campus community about certain crimes and emergencies as described more fully below in the following sections of the Annual Security Report related to Timely Warnings and Emergency Notifications. The University may also use Webster Alerts to communicate unexpected school closures from time to time; however, it is never used to send information regarding advertising or campus activities.

Students, faculty and staff are automatically enrolled in the Webster Alerts system; however, their account initially only lists their webster.edu email address, and they are only signed up to receive alerts for the campus(es) they attend classes at or are employed at. Students, faculty and staff cannot opt out of receiving communications at their webster.edu email address related to certain crimes or emergencies which may affect their campus(es).

The University strongly encourages students, faculty and staff to also add additional contact information such as personal email addresses and mobile numbers to their Webster Alerts account. Individuals are provided an opportunity to add up to three personal email addresses and three mobile numbers to their

account. This also allows account holders to add other individuals such as parents or guardians to their account if they wish. Other individuals who are interested in signing up for a Webster Alerts account can request an account by contacting the Director of Public Safety, Rick Gerger at 314-246-8708 or rickgerger06@webster.edu. Instructions for accessing Webster Alerts accounts is provided in new student, faculty and staff orientation materials. Account holders can always edit their current contact information and campus preferences at any time simply by logging onto Connections and clicking on the Webster Alerts banner.

Timely Warning Policies and Procedures

What Are Timely Warnings?

It is the University's policy to issue Timely Warnings to the campus community any time a campus security authority (or local law enforcement agency) receives a report of a Clery Act crime that has occurred on Clery Act geography that, in the judgment of the Campus Director (or his/her designee)⁵, constitutes a serious or continuing threat to students, faculty or employees. The University's Timely Warnings are known as "Campus Safety Alerts," and these Alerts will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar crimes.

When Are Timely Warnings Issued?

Whenever the Campus Director receives a report of a Clery Act crime that has occurred on Clery Act geography, the Director evaluates that crime on a case-by-case basis to determine whether, based on the facts known at that time, there is an ongoing threat to the campus community. Factors taken into consideration include but are not limited to the nature of the crime and the continuing danger to the campus community. Campus Safety Alerts are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

- Murder/Non-Negligent Manslaughter;
- Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger campus community);
- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis);
- Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Campus Director) – in cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community; however, all cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice;
- Major incidents of Arson;

⁵ Note that any of the Campus Director's responsibilities outlined anywhere in the "Timely Warning Policies and Procedures" section of this Report may also be fulfilled by a designee of the Director's choosing.

- Other Clery Act Crimes as determined necessary by the Campus Director.

The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

What Is Included in a Timely Warning?

Once the Campus Director determines that a Campus Safety Alert should be issued to the campus community, he or she will draft the content of the Alert. The Campus Director has primary responsibility for developing the content of the Campus Safety Alert; however, the Director of Public Safety (or designee) or Chief Communications Officer (or designee) at the Webster Groves campus are also authorized to draft Alerts if necessary.

The content of Campus Safety Alerts varies depending on what information is known at the time and the type of offense involved; however, the following information (if known) is typically included unless it could potentially compromise law enforcement efforts or victim confidentiality:

- Date/time/location of the crime;
- Brief description of the crime;
- Suspect description(s);
- Local law enforcement contact information;
- Relevant crime prevention or safety tips.

How Are Timely Warnings Issued?

Campus Safety Alerts are always communicated via blast emails to all email addresses associated with this campus which are registered with Webster Alerts. This will always include every student, faculty, and staff's webster.edu email address, as well as any additional email addresses which these individuals have added to their Webster Alerts accounts. The University may also choose, on a case-by-case basis, to supplement the primary methods of issuing Campus Safety Alerts with one or more of the following additional methods of communications: text messages to mobile numbers registered with the Webster Alerts system associated with this campus, posting information to the University's official social media pages, posting information to the University's official website, or posting paper flyers in strategic locations on campus.

The Campus Director has primary responsibility for issuing the Campus Safety Alerts to the campus community using the methods described above; however, the Director of Public Safety (or designee) or Chief Communications Officer (or designee) at the Webster Groves campus are also authorized to issue Alerts via any of these methods if necessary.

Updates to Timely Warnings

In the event that the Campus Director determines that an update to the original Campus Safety Alert should be issued, the update will be prepared and issued using the same procedures and methods as the initial Campus Safety Alert.

Campus Safety Advisories

While the Clery Act does not require universities to issue Timely Warnings for non-Clery Act Crimes or crimes which do not occur on Clery Act Geography; the Campus Director may choose from time to time to issue notices to the campus community of other types of crimes or crimes which occur nearby the University but outside its Clery Act Geography. These notices are known as “Campus Safety Advisories” and they may be issued in a variety of ways to all or a portion of the members of the campus community. The Director of Public Safety (or designee) may from time to time assist the Campus Director in communicating these voluntary Advisories to the appropriate members of the campus community at times.

EMERGENCY RESPONSE AND EVACUATION POLICIES AND PROCEDURES

The University understands that taking proactive steps regarding emergency planning is an important step in maintaining a safe campus for students, faculty, staff and visitors. This section of the Annual Security Report addresses the University's emergency response and evacuation policies and procedures and explains how the University communicates information about emergencies or dangerous situations on campus to the campus community.

Immediate Emergency Response Procedures

Broadly speaking, the University's Emergency Operations Plan (EOP) establishes policies, procedures and organizational structures and roles essential for Webster University to respond to, and recover from, crisis and emergency situations that threaten lives, property, public health and the safety of faculty, staff, students and visitors in any location controlled, leased, or owned by Webster University. DPS leads the University's efforts to develop and implement the Plan; however, department heads, building managers on campus, and the Campus Directors at Webster University's branch campuses are also responsible for developing emergency response plans, contingency plans and continuity of operations plans for their staff and areas of responsibility as appendices to and under the umbrella of the Plan. The Plan calls for the University to respond to crisis situations using the standards of the nationally recognized Incident Command System. DPS officers and other University personnel at the main campus in Webster Groves, Missouri receive training in the Incident Command System and Responding to Crisis Incidents on campus and undergo refresher training annually.

The University's Plan focuses on the following objectives:

- Establishing the basic organizational and operational roles and procedures to be used in the event of any emergency or crisis situation occurring within or on a campus or site controlled, leased, or owned by Webster University.
- Articulating clear command and control mechanisms that, when deployed, positions the University to secure and/or commit all appropriate resources toward minimizing the threat of the crisis and protecting lives, property, services and normal operations of the University.
- Creating a learning-centered environment that emphasizes community responsibility through an understanding of key concepts prevention, intervention, and response. By focusing on prevention, we reduce the necessity of intervention and response.

The Plan also identifies broad response measures for various types of crisis/incidents, including but not limited to: bomb threats, civil protests, explosions, fires, hazardous materials incidents, infrastructure failure, severe weather, natural disasters, violent/criminal incidents, terrorism and public relations emergencies.

In the event of an emergency on campus, local administrators and staff at this campus will work collaboratively with local law enforcement and first responders to respond to, and summon the necessary resources, to mitigate, investigate, and document the emergency or dangerous situation. It is essential that the Campus Director remains an active part of emergency response so that the Campus Director (or the Campus Director's designee) can ensure the appropriate emergency notifications go out to the appropriate segment(s) of the campus community.

Evacuation Procedures

The University's EOP includes general evacuation guidelines; however, any time the University determines that an evacuation is necessary, the specific evacuation procedure would be affected by a myriad of factors, including the type of threat, the occupancy of the other buildings and areas of the campus at the time of the incident, etc. Students, faculty, staff and visitors to the campus community are expected to follow the instructions of any first responders on the scene. These first responders may instruct you to evacuate the building you are inside of, or shelter in place. You may be instructed to shelter in place if circumstances dictate that evacuation outside the building/area is not advisable. These situations include, but are not limited to, tornados, severe weather and chemical attack.

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and dial 911.

1. Remain calm.
2. Do NOT use elevators, use the stairs.
3. Assist individuals with physical mobility issues evacuate if you can do so safely. If you are aware of an individual with mobility issues who is unable to exit without using an elevator, assist that individual with securing a safe location near a stairwell, and immediately inform the responding Fire Department of the individual's location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5. Make sure all personnel are out of the building.
6. Do not re-enter the building.

Shelter-in-Place Procedures – What It Means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. To “shelter-in-place” simply means that you should make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

If the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belonging (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest building quickly. If emergency responders are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from University personnel or local first responders.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by campus administrators or local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
 - An interior room;
 - Above ground level; and
 - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (University personnel will coordinate with the property manager to turn off the ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone to call the list in to local law enforcement so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

Emergency Notifications Policies & Procedures

What Are Emergency Notifications?

It is the University’s policy to immediately notify the campus community (in the form of an Emergency Notification) any time the Campus Director (or his/her designee)⁶ confirms that there is a significant emergency or dangerous situation which poses an immediate threat to the health or safety of students, faculty or staff occurring on the campus. The Campus Director is also responsible for determining the appropriate segments or segments of the campus community to receive a notification based on the type of incident involved and its location.

When Are Emergency Notifications Issued?

Any time the Campus Director is notified about a potential emergency or dangerous situation on the University’s Clery Act Geography, the Campus Director will then reach out to the appropriate University administrators, DPS personnel on the main campus, local first responders and/or the National Weather

⁶ Note that any of the Campus Director’s responsibilities outlined anywhere in the “Emergency Notification Policies and Procedures” section of this Report may also be fulfilled by a designee of the Director’s choosing.

Service to quickly gather enough basic information to evaluate whether the situation poses an immediate threat to the health or safety of students, faculty or staff at that time. If the Campus Director confirms that there is not a significant emergency or dangerous situation which poses an immediate threat to the health or safety of students, faculty or staff at this time, the Director will continue to monitor the situation closely.

Examples of situations which would require an Emergency Notification include but are not limited to an active shooter on campus, serious inclement weather such as a tornado, or a serious spill of hazardous materials. Whenever there is confirmation of a significant emergency or dangerous situation as described above, Webster University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

What Is Included in an Emergency Notification?

Once the Campus Director determines that an Emergency Notification should be issued, the Director will draft the content of the Emergency Notification. The Campus Director has primary responsibility for developing the content of the Emergency Notifications, however, the Director of Public Safety (or designee) and Chief Communications Officer (or designee) at the Webster Groves campus are also authorized to draft Notifications if necessary.

The content of Emergency Notifications varies depending on what information is known at the time and the type of emergency involved, however, the following information (if known) is typically included:

- The nature of the emergency;
- The action to be taken (e.g., Evacuate; Seek Storm Shelter; Shelter in Place);
- Additionally, “GO TO” and “AVOID” may be used in the event normal response procedures would place personnel at risk; and
- Where to obtain further information and/or updates on the emergency.

How Are Emergency Notifications Issued?

Emergency Notifications are always communicated via the following methods: blast emails to all addresses⁷ associated with this campus which are registered with Webster Alerts; text message alerts to any mobile devices associated with this campus which are registered with Webster Alerts; broadcast announcements through all IP phones located on campus; and an alert posted on the University’s official website.⁸

⁷ This will always include every student, faculty, and staff’s webster.edu email address, as well as any additional email addresses these individuals have added to their Webster Alerts accounts.

⁸ Anytime there is an emergency notification posted to the University’s website it will appear in a banner at the top of the page: www.webster.edu.

The University may also choose, on a case-by-case basis, to supplement the primary methods of issuing Emergency Notifications with one or more of the following additional methods of communications: posts on the University's official social media pages; alerts posted to digital signage located on campus; and desktop alerts to any computers on campus which are connected to the University's network.

The Campus Director has primary responsibility for disseminating the Emergency Notifications in the primary and secondary methods described above; however, the Director of Public Safety (or designee) and Chief Communications Officer (or designee) at the Webster Groves campus are also authorized to disseminate Notifications via any of these methods if necessary.

Communicating Emergency Notifications to the Larger Community

The University always provides information regarding any emergency notifications to the larger community by posting information on the University website's main page (www.webster.edu). The University may also decide on a case-by-case basis to utilize its official social media accounts or provide information directly to local or national media.

Follow Up Information Regarding Campus Emergencies

The Campus Director will stay in close contact with appropriate University administrators, DPS personnel on the Webster Groves campus, local first responders and/or the National Weather Service as the situation unfolds, so that the Director can determine when it is appropriate to provide follow up information to the community. Any follow up information will be provided using the same procedures and methods as the initial Emergency Notification.

Publication & Tests of Emergency Response and Evacuation Procedures

The University publicizes its emergency response and evacuation procedures annually by blast email to all "webster.edu" email addresses, in conjunction with at least one test per calendar year. This same information is also publicly available year-round on the DPS website at: <https://webster.edu/public-safety/crisis.php>. Additional crisis response materials can also be found on students, faculty, and staff's Connections home page on the right hand side of the home screen of the Connections home page under the "Crisis Response" heading after you have logged into your account.

The University conducts a variety of tests of its emergency plans and evacuation policies and procedures. Tests include regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution. Drills are relatively small-scale activities that are designed to focus on specific areas or specific sections of this plan which are normally developed and evaluated by internal personnel to help acquire knowledge/skills. Exercises are generally larger in scale and are formal events and are designed to be as close to "real-life" as possible. They are typically not stopped or interrupted to make corrections except for safety concerns or real incidents that could impact the participants. The exercises have a debriefing and a critique at the conclusion. The purpose of exercises is to test the knowledge/skills of the participants.

For example, Public Safety on the Webster Groves campus works collaboratively with other departments to annually test the University's Webster Alerts systems which is used by this and all other branch campuses. The University also conducts annual tabletop exercises involving a different hypothetical emergency or crisis to test its emergency response and evacuation procedures.

After each the conclusion of each drill or exercise, a University official responsible for coordinating the drill/exercise will document: a description of the drill/exercise, the date/time of the drill/exercise, and whether it was announced or unannounced.

ALCOHOL AND DRUG POLICY & EDUCATION PROGRAMS

The University recognizes that effective Alcohol and Drug policy and education programs are another important aspect of campus safety. The University's full Drug and Alcohol Policy is available at: <https://www.webster.edu/documents/student-handbook/webster-student-handbook.pdf>. Select portions of the University's Drug and Alcohol Policy and the associated education programs are explained in this section of the Annual Security Report.

University Alcohol Policy

The University expects its students to observe all federal, state and local laws, including those related to the possession, use, sale and consumption of alcoholic beverages. The Campus Director and the Dean of Students Office at the main campus in Webster Groves work collaboratively to enforce these laws.

The Dean of Students Office, other offices and departments in Student Affairs, and the Campus Director work together to maintain standards governing the allowable use of alcohol on campus and at campus events. When on campus, students who are 21 years of age or older may consume alcoholic beverages only at University sanctioned events. The University prohibits drinking games on campus. While off-campus, students are expected to uphold the policies of the Student Code of Conduct. Behavior occurring off-campus that is that is detrimental to the University or members of the campus community is governed by this Code. Webster reserves the right to take actions that address the violations through educational intervention or sanctions.

Students, faculty or staff in violation of the University's Alcohol Policy are referred to Student Affairs (students) or Human Resources (faculty/staff) and may be referred to local law enforcement if they are in violation of any local or federal alcohol laws.

University Drug Policy

The possession, use and sale of illegal drugs is prohibited on this campus and illegal under both state and federal law. Administrators and staff at this campus work collaboratively with administrators and staff members at the Webster Groves campus to enforce these laws. Students, faculty or staff in violation of the University's Drug Policy will be referred to Student Affairs (students) or Human Resources (faculty/staff) and may be referred to local law enforcement if they are in violation of any local or federal drug laws.

Drug and Alcohol-Abuse Education Programs

Oversight for the University's Alcohol and other Drug Education and Prevention (AOD) program is formally housed within Student Affairs. Dr. Patrick Stack, Director of Counseling/Life Development is a Certified Reciprocal Advanced Alcohol Drug Counselors (CRAADC) and provides leadership and education in this area. A CRAADC credential requires a minimum of a Master's degree in mental health

counseling, didactics in substance abuse education and prevention, 100 hours of supervision, and candidates must successfully pass a national exam.

Drug and Alcohol programs are coordinated through the collective efforts of Student Affairs on the Webster Groves campus, which includes the key offices of the Dean of Students Office, Counseling/Life Development, Student Health Services, Housing and Residential Life, Multicultural Center and International Student Affairs (MCISA), First-Year Experience Program (FYE), Office of Student Engagement, the University Center, and Campus Dining. Collectively, Student Affairs supports and promotes healthy decision making that leads to a healthy learning environment.

Specifically, our efforts include developing programs associated with student involvement, relationships, personal development, social responsibility and the use of alcohol, tobacco, and other drugs. Some of the program elements related to drug or alcohol-abuse education programs include:

Counseling/Life Development: Counseling/Life Development at the main campus is available to assist students at branch campuses with alcohol/drug issues. Professional counselors provide treatment for substance abuse. Specifically, Counseling staff engage the University community in the following ways:

Counseling /Life Development provides an on-line self-evaluation for alcohol that can be accessed worldwide through the counseling/life development website. This evaluation will provide recommendations and resources, including contacting a member of the counseling staff for guidance. Students are also able to take a comprehensive on-line wellness screening for alcohol/drugs provided through the National Wellness Institute (NWI).

Dean of Students Office

The Dean of Students Office partners with other departments and administration at the branch campuses to assist with programming efforts as needed.

Title IX

- The effects of alcohol and drug usage are addressed within the University's sexual misconduct prevention programming.
- Issues related to alcohol and drug usage are included in the training provided to individuals serving on the University Conduct Board.

Human Resources

The Office of Human Resources is required to communicate with all employees regarding drug/alcohol abuse in the workplace.

POLICIES AND PROCEDURES RELATED TO SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE, AND STALKING

This section of the Annual Security Report discusses the serious topic of sexual assault, dating violence, domestic violence, and stalking. The following pages include important information on topics such as prohibited conduct, and options for reporting sexual assault, dating violence, domestic violence, and stalking. This section also includes information on associated disciplinary proceedings, as well as information about the University's education and awareness campaigns, and local resources (both on campus and in the community) available to assist reporting parties with a wide range of issues.

Policy on Sex Discrimination, Including Sexual Harassment

Webster University is committed to maintaining a safe learning and working environment that is free of discrimination, harassment, sexual violence, and other forms of sexual misconduct that undermine its educational mission. Our training programs and educational tools related to sexual assault, harassment and other sexual offenses inform Webster students and employees of these prohibited activities and the corresponding obligations and procedures for reporting and responding to related complaints.

While the University makes every effort to educate the community to prevent sexual assault, harassment, and other sexual offenses from occurring, we are also committed to providing support to those affected when this behavior does occur. The University's Policy Sex Discrimination, Including Sexual Harassment (referred to hereinafter as the "Title IX Policy") describes the University's programs to prevent dating violence, domestic violence, sexual assault, and stalking. The full policy is available at: <http://www.webster.edu/titleix/policy.html> The University's Policy prohibits (among other conduct) the crimes of domestic violence, dating violence, sexual assault, and stalking.

The definitions of the offenses of sexual assault, dating violence, domestic violence, and stalking used in reporting Clery Act crimes in the annual statistics appear below.⁹ These definitions of dating violence, domestic violence, and stalking come from the Violence Against Women Act (VAWA), and the definition of sexual assault comes from the FBI's UCR program and which can be found in Appendix A of 34 CFR Part 668.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:

- Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

⁹ Appendix D provides applicable state law definitions for these crimes. The definitions under state law are not used to classify crimes in the included annual statistics; however, they are provided for education and awareness purposes.

Domestic violence: A Felony or misdemeanor crime of violence¹⁰ committed –

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- Fear for her, his, or others' safety; or
- Suffer substantial emotional distress.

For the purposes of this definition:

- Course of conduct means two or more acts, including but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Sexual Assault: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, A sex offense is "any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent."

- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Fondling:** The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

¹⁰The term "crime of violence" is defined by 18 U.S. Code Section 16 as follows:

- (a) an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or
- (b) any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

- **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

While all sexual assaults reported to a Campus Security Authority or DPS are included in the annual crime statistics without regard to the issue of consent, the definition of consent (both in regard to the Title IX Policy and any applicable state law) is an essential component of the Title IX Policy and the University’s primary and ongoing prevention and awareness programs.

The University’s Title IX Policy defines Sexual Consent as the “positive, unambiguous, and voluntary agreement to engage in specific sexual activity throughout a sexual encounter.”

The Title IX Policy expands on this definition by explaining that,

Consent requires an outward demonstration, through mutually understandable words or actions, indicating that an individual has voluntarily chosen to engage in a specific form of sexual contact.

Consent cannot be achieved through manipulation, coercion, force or by taking advantage of the incapacitation of another individual.

An individual can withdraw consent at any time prior to or during any form of sexual contact, and when consent is withdrawn during any form of sexual contact, the sexual contact must end immediately.

When the issue of consent is placed in dispute by a complainant or respondent, the University will consider all relevant facts and circumstances, including without limitation (i) the presence or absence of affirmative words or actions indicating a willingness to engage in sexual contact (ii) whether a reasonable person would have understood the words and acts a tissue as expressing consent; and (iii) whether there are any circumstances, known or reasonably apparent, to any of the involved parties, demonstrating incapacitation or any other inability to make a voluntary choice to engage in sexual contact.

The Title IX Policy uses the University’s definition of consent provided above; however, any applicable state law definition will be provided in Appendix D for education and awareness purposes. The University’s definition of consent is used to identify potential misconduct from a sexual assault perspective in connection with disciplinary procedures.

Webster University’s Title IX Team

Webster University’s Title IX Team is led by the University’s designated Title IX Coordinator, Kimberley Pert. Ms. Pert is the person Webster University has designated to ensure Webster complies with Title IX. The Title IX Coordinator’s duties include overseeing all Title IX reports of alleged policy violations and identifying and addressing any pattern or systemic problems that arise during the review of such reports of alleged policy violations.

The Title IX Coordinator has ultimate oversight responsibility and works with a Deputy Title IX Coordinator and investigators who assist in fulfilling the Title IX Coordinator’s responsibilities. Members of the Title IX Office receive training at least on an annual basis related to carrying out their roles and responsibilities. Contact information for Ms. Pert appears below. Ms. pert is located at the

Webster Groves main campus, but she handles Title IX at all of the University's U.S. branch campuses.

Reporting Sexual Assault, Dating Violence, Domestic Violence or Stalking

The University offers individuals a number of reporting options which are outlined below; however, the University strongly encourages reporting to the Sexual Offense Advocate. The Sexual Offense Advocate is trained to provide assistance in making decisions about pursuing medical attention, counseling/support services, filing campus disciplinary procedures, preserving evidence, and filing criminal and/or civil charges. In cases where the alleged perpetrator poses a perceived threat to the campus community, the Sexual Offense Advocate may work with the appropriate administrators to issue a temporary ban from or restricted access to campus for that person. Regardless of which reporting option an individual ultimately chooses, he or she, at his or her discretion, may choose anyone he or she would prefer to serve as a support person at all times.

Confidential Reports to the Sexual Offense Advocate

A person who is the reporting party of a sexual offense, or who witnesses a sexual offense, is encouraged to make a report to the Sexual Offense Advocate. **Individuals are encouraged to first report any issues to the Sexual Offense Advocate as such initial reports will be kept completely confidential as the Sexual Offense Advocate is not required to report any information about an incident to the Title IX Coordinator without a reporting party's permission.** Reports of sexual assault, dating violence, domestic violence or stalking made to the Sexual Offense Advocate which meet the definition of a Clery Act Crime and which occur within this campus' Clery Act Geography are still included in the annual crime statistics, but the statistics never include any personal-identifying information. Sexual assaults reported to the Sexual Offense Advocate which meet the definition of a Clery Act Crime and which occur within the University's Clery Act Geography may also result in a Timely Warning (Campus Safety Alert); however, Timely Warnings never include information that identifies the reporting party.

The Sexual Offense Advocate can advise reporting parties regarding their options in making a report about any sexual offense pursuant to these policies and procedures to the Title IX Coordinator.

The Sexual Offense Advocate is located on the Webster Groves campus but is available to assist individuals at any of the University's campuses. The Advocate can be reached 24 hours a day, seven days a week at: 314-649-8474.

The Sexual Offense Advocate is designated by the University as the support and resource person for all students and employees who believe they have experienced sexual assault or a sexual offense. The Sexual Offense Advocate is available to assist campus community members with the following areas of concern:

- The Sexual Offense Advocate has training in crisis intervention and support techniques, and provides emotional, medical, and/or judicial support either directly or through on- or off-campus referral.
- The Sexual Offense Advocate informs the person of all rights under this policy and provides procedural information and support as needed. The Advocate also works with Campus Directors when necessary to advise the person regarding options available for filing civil and/or criminal charges related to the offense. Those who believe they have experienced a sexual offense may also report the offense directly to the Title IX Coordinator, the Chief Human Resources Officer, the Department of Public Safety at the Webster Groves campus, or local law enforcement as explained below.
- The Sexual Offense Advocate may serve as the reporting party's support person during all proceedings carried out under University auspices. The Sexual Offense Advocate may designate an alternate to act as representative in the event the Sexual Offense Advocate is unable to perform the duties due to illness or other professional conflicts.

The Sexual Offense Advocate can assist the reporting party in understanding options related to pressing civil and/or criminal charges as well as in the process of working with DPS and/or local law enforcement authorities.

Reports to the Department of Public Safety (Located on the Webster Groves Campus)

Reporting parties also have the option of reporting sexual offenses the Department of Public Safety (DPS) at the Webster Groves campus. DPS can be reached at 314-968-6911 (emergency) or 314-968-7430. Anytime an individual reports a sexual assault or incident of dating violence, domestic violence or stalking to DPS, DPS will automatically contact the Sexual Offense Advocate, and the incident will be forwarded to the Title IX Coordinator for review regardless of whether the reporting party chooses to participate in a university disciplinary proceeding or pursue criminal charges.

Reports to Local Law Enforcement

As noted above, both the Sexual Offense Advocate and DPS can assist reporting parties with notifying local law enforcement agencies. Alternatively, reporting parties also have the option of reporting incidents directly to local law enforcement authorities themselves. The first page of this Report titled "Quick Reference Resources" lists the non-emergency number for local law enforcement with jurisdiction over this branch campus.

Sexual assault, dating violence, domestic violence and stalking also constitute potential criminal acts that could be grounds for criminal and/or civil action. Reporting parties have the right to file a criminal complaint against the perpetrator of the sexual offense and a complaint with Webster University simultaneously; however, reporting parties also always have the right to decline to notify law enforcement.

Reports to a Title IX Coordinator or Chief Human Resources Officer

The Sexual Offense Advocate will strongly recommend that all individuals confidentially reporting sexual offenses to the Sexual Offense Advocate file a formal report with the Title IX Coordinator or Chief Human Resources Officer. Individuals also have the option to make reports directly to a Title IX Coordinator. Once reported to the Title IX Coordinator or Chief Human Resources Officer, any necessary interim steps will be taken pursuant to the Title IX Policy. Additionally, such reports will be handled consistent with the University's Title IX Policy regarding investigation, adjudication, and resolution.

Important Information Regarding Confidentiality

This Policy requires the University to keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA) or U.S. Department of Education regulations pursuant to FERPA (34 CFR part 99), as otherwise required by applicable law, or as needed to carry out the purposes of the Title IX Regulations, including the conduct of any investigation, hearing, or judicial proceeding arising the Title IX Regulations. Of course, where the University is required by applicable law to disclose information in a report or formal complaint of sexual harassment, such disclosures will be made. Nothing in this shall be construed to prohibit a complainant or respondent from freely discussing the details of a report or formal complaint of sexual harassment. **There are only two types of University employees who are not required to forward these types of reports to a Title IX Coordinator: 1) the Sexual Offense Advocate,¹¹ 2) a Professional or Pastoral Counselor¹² who is who is employed by the University in that capacity and is acting in that role at the time the disclosure is made.**

As required by law, disclosures to any other Webster University employee of a sexual assault, incident of dating violence, domestic violence or stalking will be forwarded to a Title IX Coordinator, and in the event that the incident meets the definition of a Clery Act Crime and allegedly took place on the University's Clery Act Geography associated with this campus will be included in this campus' annual crime statistics and may result in a Timely Warning (Campus Safety Alert). However, the annual crime

¹¹ As explained previously, reports of sexual assault, dating violence, domestic violence or stalking made to the Sexual Offense Advocate which meet the definition of a Clery Act Crime and which allegedly occur on Clery Act Geography are still included in the University's annual crime statistics, but these statistics never include any personal-identifying information. Sexual assaults reported to the Sexual Offense Advocate may also result in a Timely Warning (Campus Safety Alert); however, Timely Warnings never include information that identifies the reporting party.

¹² Note that disclosures to a professional or pastoral counselor at the University, who is acting in that role at the time the information is received, will not be included in the University's annual crime statistics, and will not result in a Timely Warning (Campus Safety Alert) unless the reporting party gives his or her permission for the counselor to forward information about the incident to another employee or department at the University such as the Sexual Offense Advocate, a Title IX Coordinator, or the Department of Public Safety.

statistics and Timely Warnings never include any personally identifying information¹³ about the reporting party.

Other Considerations Regarding Incidents of Sexual Assault, Dating Violence, Domestic Violence or Stalking

Seeking Prompt Medical Attention

Regardless of whether (or to whom) an individual chooses to make a report, the University strongly encourages anyone who has experienced sexual intrusion, sexual penetration, dating or domestic violence to seek prompt medical attention. A medical examination can identify any internal trauma, test for sexually transmitted diseases, as well as obtain appropriate medical evidence should one choose to pursue legal charges at some later date. In the event that an individual chooses not to participate in forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted diseases.¹⁴

The section of this Report titled “Community Resources Available to Reporting Parties” contains local resources which can provide information about sexual assault and forensic exams, including referrals to medical providers. The Sexual Offense Advocate can also assist individuals with finding local medical resources.

Preserving Evidence

Regardless of when and to whom an individual chooses report to, it is important that a reporting party immediately preserve any evidence that may assist in establishing the facts of the alleged violation so that authorities and relevant administrators may ultimately take appropriate action against the responding party. The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order. Such evidence may include, but is not necessarily limited to, physical evidence or electronic or written communications.

Preserving Physical Evidence through a Forensic Exam

Any individual who believes he or she may wish to pursue legal charges are advised not to bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted (if the offense occurred within the past 96 hours) prior to a medical exam. However, individuals who have already engaged in any of these activities, can still choose to have an exam performed.

¹³ The term personally identifying information is defined in section 40002(a)(20) of the Violence Against Women Act of 1994 (42 U.S.C. 1395(1)(20)).

¹⁴ Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not “require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.”

Preserving Other Forms of Evidence

In cases where individuals believe they may be interested in pursuing criminal and/or civil charges, it is also important to work with local law enforcement agencies so that statements can be taken and evidence can be collected immediately. Reporting parties are also encouraged to save evidence such as letters, notes, emails, records of phone calls, videos, photos, texts, social media postings (Facebook, Twitter, etc.), computer screenshots, voicemails, or any other form of evidence that may be helpful to a criminal investigation or campus judicial proceeding.

Amnesty from University Drug and Alcohol Policy

The University encourages reporting and seeks to remove any barriers to reporting by making the procedures for reporting transparent and straightforward. The University recognizes that an individual who has been drinking or using drugs at the time of the incident may be hesitant to make a report because of potential consequences for his/her/their own conduct, which may violate other University policies and codes of conduct.

An individual who reports sexual misconduct will not be subject to disciplinary action by the University, for his/her/their own personal consumption of alcohol or drugs at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk. The University may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs. This amnesty policy applies to the University's student conduct process as well as related policies applicable to students, faculty and staff.

While the University may waive disciplinary action under its policies related to use of alcohol and drugs as indicated above, it retains the responsibility to report any illegal use of these substances as required by law and will act in compliance with those laws.

University Response to Reports of Sexual Assault, Dating Violence, Domestic Violence or Stalking

The University will promptly and effectively respond to reports of sexual offenses and harassment and will take appropriate action to prevent, correct, and if necessary, discipline behavior that violates this policy. While the University takes reporting parties' confidentiality very seriously, it is important for reporting parties to recognize that the level of confidentiality their report will receive under law varies depending on who they make their report to. **The only way in which an individual can report a sexual offense with complete confidentiality is to contact the Sexual Offense Advocate or another professional or pastoral counselor at the University.** Note that these individuals are located on the Webster Groves campus but are available to assist individuals at the U.S. branch campuses by phone.

As explained above, the University also strongly encourages reporting parties to notify local law enforcement authorities (and can assist in doing so); however, it is important to know that regardless of who the incident is reported to, reporting parties¹⁵ always have the right to decline to notify local law enforcement authorities. Similarly, the University never requires reporting parties to participate in any investigation or disciplinary proceeding.

The University strictly prohibits retaliation, including intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by the Title IX Regulations, or because the individual has made a report or complainant, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under such regulations.

¹⁵ The only exception is in cases involving a minor, as the University must notify law enforcement pursuant to certain states' law.

Any time a student or employee reports to the University that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee with a written explanation of the student or employee's rights and options, including:

- the procedures affected individuals should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
- information about how the institution will protect the confidentiality of reporting parties and other necessary parties;
- a statement that the institution will provide written notification to students and employees about support services within the institution and in the community;
- a statement regarding the institution's provisions about options for, available assistance in, and how to request interim protective measures; and
- an explanation of the procedures for institutional disciplinary action.

Anytime a reporting party is referred to the Title IX Office, the Title IX Coordinator will also provide the reporting party with the same written explanation of rights and options.

Orders of Protection

Webster University encourages reporting parties of sexual misconduct to make a formal report to the appropriate local law enforcement authorities for the purpose of filing a criminal complaint and/or seeking and enforcing a no contact, restraining or similar Court Order. The University Sexual Offense advocate (314-649-847424 hours a day) or one of the contacts listed below in the "Community Resources Available to Reporting Parties" section of this Report can assist individuals with information regarding obtaining a protective order under applicable state law.

Members of the Webster University community who receive a lawful order of protection (including ex parte orders) should provide a copy to the Campus Director and to the applicable University appointed Title IX Coordinator. The University also suggests that individuals with orders of protection meet with the Campus Director to develop a Safety Action Plan – a plan intended to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to, escorts and special parking arrangements.

In addition to orders of protection issued by the courts, Webster University may impose a mutual no contact directive. Mutual No Contact directives prohibit an individual from contacting a specific person or specific people until rescinded. Contact includes, but is not limited to in person, by phone, text messaging, social media, by third person, etc. Mutual No Contact directives may be issued by the Title IX Office, the Hearing Officers, and the Appeal Officers.

Students or staff also have the right to request that their campus directory information on file be removed from public sources by directing a request to the Office of the Registrar, Loretto Hall 63, Webster Groves Main Campus, 314-968-7450/800-987-3447, registraroffice@webster.edu.

Interim Protective Measures

The University provides written notification to reporting parties about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. The institution will provide such protective measures if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

Whenever an individual reports a sexual assault, incident of dating violence, domestic violence or stalking, the written explanation of the reporting party's rights and options provided by the University will include information regarding how to request changes to academic, living, transportation and working situations or protective measures; and the University is obligated to comply with any reasonable requests following a report of an alleged sexual assault, incident of domestic violence, dating violence or stalking. The Title IX Coordinator is responsible for coordinating the effective implementation of such measures.

These options include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures, if requested and reasonably available, regardless of whether the reporting party chooses to file a formal report. No contact measures may also be implemented.

Any interim protective measures imposed should avoid any lasting negative effects on the any party before any findings of responsibility are made as much as is possible in the circumstances presented.

The University maintains the confidentiality of any protective measures provided to any involved party to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. The Title IX Coordinator reviews options and interim protective measures with the reporting party, and in doing so explains that he or she will limit the information shared with University employees in other campus departments involved in certain accommodations/protective measures (e.g., Housing and Residential Life, Academic Affairs, Human Resources, etc.) The Title IX Coordinator provides the most minimal amount of information possible in order to affect the accommodation/protective measure, and never communicates the reason for the requested accommodation/protective measure to anyone outside of the Title IX Team.

General Information Regarding Institutional Disciplinary Proceedings Related to Reports of Sexual Assault, Dating Violence, Domestic Violence or Stalking

The University will take disciplinary action against an individual found to have engaged in sexual assault, domestic violence, dating violence, and/or stalking. The type and severity of disciplinary action taken will depend upon the specific violation(s) and the specific circumstances of each case. A person may be found responsible for violating more than one section of Title IX Policy.

Webster is committed to providing prompt, fair, and impartial investigation and resolution of reports of violations under the Title IX Policy. The University’s disciplinary process is consistent with the University’s policy, transparent to the reporting party and responding party and will include a prompt, fair, and impartial investigation and resolution process. All reports received by the Title IX Coordinator are handled consistent with the Title IX Policy regarding investigation, adjudication, and resolution.

The Title IX Policy states that both parties will be notified regarding procedures used in the hearings. Information can also be provided regarding legal options; however, it is recommended that legal advice be obtained from a competent attorney. The University’s proceedings also provide the reporting party and the responding party with the same opportunities to have an advisor of his/her choice present during any institutional disciplinary proceeding. This includes the right to be accompanied by an advisor (i.e., any individual who provides the reporting party or responding party support, guidance, or advice) to any related meeting or proceeding. The University will not limit the choice of or presence of an advisor for either party in any meeting or institutional disciplinary proceeding.

Timeframe for Disciplinary Proceedings

The University endeavors to complete the grievance process for a formal complaint within 90 days from the date on which a complainant files, or the Title IX Coordinator signs, the formal complaint through the date on which a decision-maker issues a decision in such case. Further, the Title IX Policy states “The University intends to adhere to the time frames set forth in this Policy whenever possible; however, the University reserves the right to extend the grievance process time frames for good cause, and when exercising that right, will provide written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as unscheduled breaks and campus closures and may include considerations such as the absence of a party, a party’s advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Officials Conducting Disciplinary Proceedings

The University will ensure that all Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, shall receive training on the definition of sexual harassment; the scope of the University's education program or activity; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The University will also ensure that decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. The University will ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Materials used to train the University's Title IX Coordinators, investigators, decision-makers, and any person who will promote impartial investigations and adjudications of formal complaints of sexual harassment.

Notifications to Reporting and Responding Parties

The Title IX Policy states that in all cases of allegations of violations of the Policy, the reporting party and responding party will receive simultaneous notification, in writing, of: (1) any result of a disciplinary proceeding (including the rationale for the result and any sanctions imposed); (2) procedures for the reporting party and responding party to appeal the result of the disciplinary proceeding; (3) any change in the result of a disciplinary proceeding (including the rationale for the result); and (4) when the results of any disciplinary proceeding become final.

Standard of Evidence

The standard of evidence to be used to determine responsibility in the processing of a formal complaint is the preponderance of the evidence standard. Notwithstanding the suggestion or mandate to apply, in general, any other evidentiary standard to charges or complaints against faculty or other University personnel, where any respondent is accused of sexual harassment in a formal complaint, the standard of evidence shall be the preponderance of the evidence standard.

Sanctions

In determining sanctions, the Hearing Boards will consider the nature and seriousness of the offense. Sanctions are determined by the Hearing Officer or Appeal Officer and implemented by the Title IX Coordinator. Sanctions for students found responsible for violating the university's Title IX Policy are: Written Warning, Probation, Educational Training, Educational Assignment, No Contact Order, Housing/Campus Life Probation/Suspension/Restrictions (loss of privileges, relocation, eviction), Administrative Hold on Educational Account, Suspension, Expulsion, Withholding of Degree, Revocation of Degree, and Transcript Notation. Sanctions for employees found to have violated the policy are: Warning- Written or Verbal, the implementation of a Performance Improvement Plan, Counseling, Training or Education, Demotion, Loss of Annual Pay Increase, No Contact Order, Suspension with or without Pay, Revocation of Tenure and Termination.

University Disciplinary Processes

This section of the Report provides information from the University's Policy on Sex Discrimination, Including Sexual Harassment (Title IX Policy), including the process followed when filing a formal complaint, and the process followed when choosing to use the informal resolution process.

COMPLAINT, INVESTIGATION AND GRIEVANCE PROCEDURES

A. **Governing Procedures.** Reports and formal complaints of sex discrimination, including sexual harassment, occurring against a person in the United States will be handled in a manner consistent with the procedures set forth in this Section VII of this Policy. These procedures provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX Regulations. Furthermore, this Policy provides for a grievance process for the handling of formal complaints, as required by the Title IX Regulations:

B. **Definitions.** Terms used frequently in these procedures and elsewhere within this Policy are defined as follows:

(1) *Actual knowledge.* The term "actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the University's Title IX Coordinator or to the University's Chief Human Resources Officer. No employee or official of the University other than the Title IX Coordinator Kimberly Pert (200 Hazel, Office #5, St. Louis, MO 63119; Telephone: 314-246- 7780; Email: pertk61@webster.edu) and the University's Chief Human Resources Officer Cheryl Fritz (470 E. Lockwood Ave., St. Louis, MO 63119; Telephone: 314-246-7055; Email: cherylfritz49@webster.edu) shall have authority to institute corrective measures under this Policy on behalf of the University.

(2) *Complainant.* The term "complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

(3) *Consent.* The term "consent" means an affirmative and willing agreement to engage in a specific form of sexual contact with another person.

- Consent requires an outward demonstration, through mutually understandable words or actions, indicating that an individual has voluntarily chosen to engage in a specific form of sexual contact.
- Consent cannot be achieved through manipulation, coercion, force or by taking advantage of the incapacitation of another individual.
- An individual can withdraw consent at any time prior to or during any form of sexual contact, and when consent is withdrawn during any form of sexual contact, the sexual contact must end immediately.
- When the issue of consent is placed in dispute by a complainant or respondent, the University will consider all relevant facts and circumstances, including without limitation (i) the presence or absence of affirmative words or actions indicating a willingness to engage in sexual contact, (ii) whether a reasonable person would have understood the words and acts at issue as expressing consent; and (iii) whether there are any circumstances, known or reasonably apparent to any of the involved parties, demonstrating incapacitation or any other inability to make a voluntary choice to engage in sexual contact.

(4) *Formal complaint.* The term "formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the University investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the University with which the

formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information for the Title IX Coordinator set forth in this Policy. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission that contains the complainant’s physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

(5) *Incapacitation.* The term “incapacitation” means a person’s physical and/or mental inability to make informed, rational judgments to the extent that the individual is incapable of giving consent.

(6) *Respondent.* The term “respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

C. Reporting or Filing Allegations of Sex Discrimination.

(1) *Persons Who Can Report Sex Discrimination.* Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment).

(2) *Reporting Methods.* A report of sex discrimination, including sexual harassment, may be made in person, by mail, by telephone, or by electronic mail, using the contact information listed in this Policy for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed in this Policy for the University’s Title IX Coordinator. In addition to the Title IX Coordinator, the University’s Chief Human Resources Officer may also receive notice of reports of sex discrimination, including sexual harassment, under this Policy.

D. Responding to Sexual Harassment in the Absence of a Formal Complaint.

(1) *Prompt Response.* When the University has actual knowledge of sexual harassment in an education program or activity of the University against the person in the United States, the University will respond promptly, reasonably and with deliberate attention.

(2) *Equitable Treatment.* The University’s response will treat complainants and respondents equitably by offering supportive measures to the complainant and by following the grievance process outlined in this Policy before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

(3) *Prompt Efforts to Contact the Complainant.* Upon actual knowledge of sexual harassment, the Title IX Coordinator will contact the complainant promptly (i) to discuss the availability of supportive measures, (ii) to consider the complainant’s wishes with respect to supportive measures, (iii) to inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and (iv) to explain to the complainant the process for filing a formal complaint.

(4) *Scope of the University’s Responsibility to Respond.* For purposes of this Policy, the phrase “education program or activity” includes locations, events, or circumstances over which the University exercised substantial control over both the respondent and the context in which the sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the University. The phrase “education program or activity” also encompasses conduct occurring on the University’s computer and internet networks, digital platforms, and computer hardware or software owned or operated by, or used in the

operations of, the University.

E. Reporting or Filing a Formal Complaint of Sexual Harassment.

(1) *Persons Who Can Initiate a Formal Complaint.* A formal complaint may be filed by a complainant or signed by the Title IX Coordinator.

(2) *Procedure for a Complainant to Initiate a Formal Complaint.* If a complainant chooses to file a formal complaint, the complainant must sign and submit a document to the Title IX Coordinator (in person, by mail, or by electronic mail, by using the contact information for the Title IX Coordinator set forth in this Policy), alleging sexual harassment against a respondent and requesting that the University investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the University.

Procedure for the Title IX Coordinator to Initiate a Formal Complaint. Regardless of whether a complainant has filed a formal complaint, the Title IX Coordinator can choose to sign a formal complaint alleging sexual harassment against one or more respondents and requesting that the University investigate the allegation of sexual harassment. In deciding whether to sign a formal complaint, the Title IX Coordinator will consider the following factors:

- the severity and pervasiveness of the alleged sexual harassment;
- any pattern of alleged misconduct attributed to the Respondent (e.g., serial predation);
- the risk of serious harm to any student, employee or other individual associated with the University;
- whether the complainant’s allegations involved violence, threats, use of weapons, or similar factors;
- whether the complainant’s allegations have prompted the involvement of law enforcement and/or criminal proceedings; and/or
- any other factor, whose consideration is permitted by applicable law, that directly or indirectly implicates the University’s interests in providing a safe and productive learning environment.

F. Responding to a Formal Complaint.

(1) *Application of Grievance Process.* In response to a formal complaint, the University will follow the grievance process set forth in this Policy. This grievance process is designed to treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a grievance process that complies with the Title IX Regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

(2) *Administrative Processing of a Formal Complaint.* When a formal complaint is made, the following administrative procedures will occur:

- (i) Conflict Analysis. As a preliminary matter, the Title IX Coordinator identified in this Policy will analyze whether such person has a conflict of interest that would preclude such person from acting as the Title IX Coordinator for the formal complaint at issue. A conflict of interest that precludes a person from holding a Title IX Coordinator, investigator, decision-maker/hearing officer or appeal officer role is one that would undermine the person’s ability to approach an allegation or formal complaint of sexual harassment with impartiality. Such a conflict could arise, for example, from an intimate relationship or a very close personal relationship; however, merely knowing a

complainant or respondent will not constitute a conflict of interest for purposes of this Policy. If such a conflict exists, the University's Chief Human Resources Officer will designate another properly trained individual to serve as the Title IX Coordinator for the formal complaint at issue.

(ii) Role Assignments. The Title IX Coordinator handling a formal complaint will assign an investigator to investigate the formal complaint. Where the complainant and respondent voluntarily choose to attempt to reach an informal resolution of the formal complaint, the Title IX Coordinator handling a formal complaint will select a mediator to facilitate an informal resolution process. Where an informal resolution process is not elected or where it is elected but is unsuccessful, the Title IX Coordinator handling a formal complaint will also identify the appropriate decision-maker who will serve as the hearing officer presiding over the hearing of the formal complaint and as the person who will decide whether a finding of responsibility for sexual harassment should be made and, if so, what remedies should be imposed against the respondent. For a formal complaint against a non-faculty University employee, the default decision-maker will be the Chief Human Resources Officer or such person's designee. For a formal complaint against a University faculty member, the default decision-maker will be the Vice President for Academic Affairs or such person's designee. For formal complaints against a student, the default decision-maker will be the Dean of Students or such person's designee. For each of these role assignments, an analysis will be performed to determine whether a person selected as an investigator or decision-maker has a conflict of interest that would prevent such person from serving in the role at issue.

(iii) Training Requirements. The University will ensure that all Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, shall receive training on the definition of sexual harassment; the scope of the University's education program or activity; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The University will also ensure that decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. The University will ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Materials used to train the University's Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

3) *Investigation Process*. The investigation of any formal complaint will be conducted in accordance with the following procedures:

(i) Relevance. The investigator will consider only relevant evidence that is available in a particular case. The term "relevance" shall have its ordinary meaning in any grievance process conducted under this Policy. Many forms of evidence that are logically relevant would not be admissible in a court of law based on application of the Federal Rules of Evidence or other applicable evidentiary standards that apply in judicial proceedings. Such evidence, so long as it is relevant, will

nevertheless be available for consideration by an investigator; however, to the extent such evidence would be excluded as a result of the application of the Federal Rules of Evidence (e.g., due to such evidence not being properly authenticated or constituting hearsay, character evidence, etc.), the investigator shall accord such evidence little, if any, weight—regardless of the source of such evidence.

(ii) Objective Evaluation. The investigator will conduct an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence. At no stage of the grievance process will credibility determinations be made based on a person’s status as a complainant, respondent, or witness. Formal complaints of sexual harassment often involve allegations with competing plausible narratives and no eyewitnesses. Such situations will be evaluated by objectively evaluating the relevant evidence, regardless of whether that available, relevant evidence consists of the parties’ own statements, statements of witnesses, or other evidence. This does not mean that corroborating evidence is required, but the availability of corroborating evidence may bolster a party’s position in support of or in opposition to a formal complaint.

(iii) Presumption of No Responsibility. Formal complaints will be handled with a presumption that the respondent is not responsible for alleged sexual harassment until a determination regarding responsibility is made at the conclusion of the grievance process. The presumption of non-responsibility does not mean that a respondent, complainant or witness is considered presumptively truthful, untruthful, credible or not credible. An investigator is free to develop an understanding of, and to take into account, each party’s interests and the “stakes” at issue for each party, yet what is at stake, by itself, shall not reflect on the party’s truthfulness.

(iv) Respect for Legal Privilege. The University will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

(v) Time Frames for Conclusion of the Grievance Process. The University endeavors to complete the grievance process for a formal complaint within 90 days from the date on which a complainant files, or the Title IX Coordinator signs, the formal complaint through the date on which a decision-maker issues a decision in such case. (vi) Delays. The University intends to adhere to the time frames set forth in this Policy whenever possible; however, the University reserves the right to extend the grievance process time frames for good cause and, when exercising that right, will provide written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include scheduled and unscheduled breaks and campus closures and may include considerations such as the absence of a party, a party’s advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

(vii) Burdens of Proof and of Gathering Evidence. The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the University and not on the parties.

(viii) Standard of Evidence. The standard of evidence to be used to determine responsibility in the processing of a formal complaint is the preponderance of the evidence standard. Notwithstanding the suggestion or mandate to apply, in general, any other evidentiary standard to charges or complaints against faculty or other University personnel, where any respondent is

accused of sexual harassment in a formal complaint, the standard of evidence shall be the preponderance of the evidence standard.

(ix) Equal Opportunity to Present and Inspect Evidence. The University's investigation and adjudication of the allegations must be based on an objective evaluation of the relevant evidence available in a particular case; however, the type and extent of evidence available will differ based on the facts of each allegation of sexual harassment. The investigator shall provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. Furthermore, both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.

(x) Time to Review Evidence Considered by the Investigator. Prior to completion of the investigative report, the investigator shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report. All such electronic copies and/or hard copies of such evidence shall be returned to the University's Title IX office within twenty (20) calendar days following the date on which a decision has been issued on a formal complaint (if no appeal is filed) or, where an appeal is filed, within ten (10) calendar days from the date on which a decision is issued by the appeal officer assigned to the case.

(xi) Preparation of an Investigation Report. The investigator shall create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to a hearing on the formal complaint, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

(xii) No Gag Orders. Neither the complainant nor the respondent shall be restricted in the ability to discuss the allegations under investigation or to gather and present relevant evidence.

(xiii) Advisor Participation. The University shall provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding. The University, however, reserves the right to establish restrictions regarding the extent to which the advisor may participate in the proceedings (with any such restrictions applying equally to both parties).

(xiv) Notice with Time to Prepare. The University shall provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time (i.e., at least ten (10) calendar days) for the party to prepare to participate.

(xv) Consolidation of Formal Complaints. The University reserves the discretion to consolidate related formal complaints as permitted by the Title IX Regulations.

(4) *Informal Resolution.* If a formal complaint is filed, the parties may voluntarily agree to engage in an informal resolution process to attempt a resolution of any formal complaint except those involving allegations that an employee sexually harassed a student. The University will facilitate such an informal resolution process with the consent of the parties. Such an informal resolution process can occur at any time prior to reaching a determination regarding responsibility. If the parties resolve a formal complaint through an informal resolution process, the parties will be precluded from resuming a formal complaint arising from the same allegations that were included in the resolved formal complaint. If a party chooses to withdraw from an informal resolution process at any time prior to a resolution being reached, the formal complaint shall return to the grievance process. The grievance process timeline contemplated in this Policy shall be held in abeyance for any period of time during which a formal complaint is pending in an informal resolution process.

(5) *Hearing Procedures.* Following an investigation of a formal complaint, the formal complaint will be submitted to a live hearing, presided over by the decision-maker. The following procedures shall apply to such a live hearing:

(i) Availability of Evidence. The University will make all evidence considered in the preparation of the investigation report concerning the formal complaint available to the parties for their inspection and review at any hearing so that each party has an equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

(ii) Questioning of Witnesses. At the live hearing, the decision-maker must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. All questioning of parties and witnesses shall occur in a respectful, non-abusive manner. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally. If a party does not have an advisor present at the live hearing, the University will provide without fee or charge to that party, an advisor of the University's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

(iii) Advisor Participation. A party shall notify the Title IX Coordinator at least five (5) calendar days prior to a scheduled hearing if such party has engaged an advisor (including the identity and contact information for such advisor) to perform the questioning of the opposing party and witnesses at a hearing on the party's behalf. If a party does not have an advisor, the University will appoint an advisor (of the University's choice) to perform questioning on behalf of the party at the hearing. Such an advisor has only one obligation at hearing: relaying the party's desired questions to the other party and witnesses (to the extent such questions are consistent with the decorum and other rules set forth in this Policy and imposed by the decision-maker equally on both parties). If a party to whom the University assigns an advisor refuses to work with the advisor when the advisor is willing to conduct cross-examination on the party's behalf, then the party has no right of self-representation with respect to conducting questioning at the hearing, and that party would not be able to pose any questions.

(iv) Opening and Closing Remarks. At the outset of the live hearing, the decisionmaker will permit each party (or the party's advisor) to make opening remarks of no more than five (5) minutes. At the conclusion of the presentation of all evidence in a hearing, the decision-maker will permit each party (or the party's advisor) to make closing remarks of no more than five (5) minutes. Professional decorum must be maintained throughout such opening and closing remarks, and the decision-maker shall have the discretion to cut off such remarks by a party (or the party's advisor) if professional decorum is not maintained by that party (or that party's

advisor).

(v) Rulings on Witness Questions. Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker shall determine whether the question is relevant and explain any decision to exclude a question as not relevant. Advisors may interpose objections to any question to present arguments regarding whether such question should be permitted, and in the event any such objection is made; however, any such objection should be made prior to the witness's answer being given. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker's rulings on questions posed to parties and witnesses are not subject to challenge by a party or the party's advisor during the hearing.

(vi) Relevance. A decision-maker shall apply the same standard of relevance as is required for investigators under Section VI(F)(3)(i) of this Policy, meaning all relevant evidence presented at a hearing shall be considered by the decisionmaker (unless consideration of such evidence is prohibited by the Title IX Regulations). However, to the extent relevant evidence submitted at a hearing (whose consideration is not prohibited by the Title IX Regulations) would be inadmissible under the Federal Rules of Evidence, the decision-maker should accord such evidence little, if any, weight or credibility. Furthermore, a decisionmaker shall be free to rule repetitive questions to be irrelevant and exclude such repetitive evidence.

(vii) Requests for Separation. At the request of either party, the decision-maker must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker and parties to simultaneously see and hear the party or the witness answering questions.

(viii) Location of Hearings. The University reserves the discretion to conduct any hearing under this Policy with all parties physically present in the same geographic location or with any or all parties or other participants appearing virtually with technology enabling participants simultaneously to see and hear each other.

(ix) Transcripts. The University will provide the parties an opportunity to inspect and review a transcript (or, at the University's sole discretion, an audio or audiovisual recording) of any live hearing conducted under this Policy.

(x) Confidential Proceedings. Consistent with the University's obligation to maintain confidentiality with respect to hearings on formal complaints made under this Policy, no one other than a party's advisor (and any person whose involvement is required by law, e.g., an interpreter for a party who suffers from a disability that necessitates the participation of an interpreter) shall be permitted to attend or observe a hearing with a party.

(xi) Professional Decorum. All parties and witnesses shall maintain professional decorum throughout a hearing conducted under this Policy. The expectation of professionalism includes, without limitation, that no person may badger or harass any party, witness, decision-maker or

other University personnel involved in the hearing proceeding. Furthermore, a party shall be free to confer with the party's advisor during a hearing, such conferral shall not take place in a loud or disruptive manner. If a party or advisor violates any rules imposed on parties equally by this Policy or by a decision-maker during a hearing, the University retains authority to respond in accordance with its policies governing student and employee misconduct.

(xii) Written Determinations. Applying the preponderance of evidence standard, the decision-maker, who will be someone other than the Title IX Coordinator or the investigator assigned to a formal complaint, shall issue simultaneously to each party a written determination regarding responsibility following the conclusion of a live hearing. Such written determination shall include the following:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination (including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held);
- Findings of fact supporting the determination;
- Conclusions regarding the application of the University's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the University imposes on the respondent, and whether remedies designed to restore or preserve equal access to the University's education program or activity will be provided by the University to the complainant; and
- The University's procedures and permissible bases for the complainant and respondent to appeal.

Appeal Procedures

(6) *Appeal Procedures*. If a complainant or respondent wishes to appeal the decision of the decision-maker presiding over the live hearing of a formal complaint, the party wishing to appeal must comply with the following procedures:

(i) Grounds for Appeal. An appeal can be based on any one or more of the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

(ii) Notice of Appeal. A party may appeal a decision-maker's decision based on one or more grounds for appeal identified in this Policy; however, such appeal must be submitted in writing to the Title IX Coordinator within ten (10) calendar days after the issuance of the decision-maker's decision to the parties. The Title IX Coordinator shall notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

(iii) Appellate Briefing. Each party to an appeal shall have an equal opportunity to submit a written statement in support of, or challenging, the outcome of a live hearing in a case that is appealed under this Policy. Absent an extension granted by an appeal officer presiding over the case, any such written statement must be submitted to the Title IX Coordinator within 10 calendar days after the Title IX Coordinator has provided the

notice required in Section VI(F)(6)(ii).

- (iv) Appeal Officers. The University shall appoint three individuals (none of whom can be the person who served as the Title IX Coordinator, investigator, advisor or decision-maker for the underlying formal complaint) to serve as appeal officers to hear and decide any appeal that is filed under this Policy. The University shall designate one appeal officer to chair the appeal panel. The appeal officers shall apply the preponderance of evidence standard in deciding an appeal and shall decide the outcome of the appeal by majority vote. However, in instances where a total of three individuals are not available to serve as appeal officers, the University shall appoint a single appeal officer to decide the outcome of an appeal, and such person's decision shall be final.
- (v) Written Decision. Following the briefing period, the appeal officer serving as the chair of the appeal panel shall issue a written decision describing the result of the appeal and the rationale for the result. Such written decision shall be provided simultaneously to the parties by the Title IX Coordinator.
- (vi) Finality. A determination regarding responsibility becomes final either on the date that the University provides the parties with the written determination of the result of the appeal, if an appeal is filed, or on the eleventh (11th) calendar day following the University's provision of the written determination to the parties (if no appeal is filed by either party during the 10-day period for filing an appeal).

(7) Remedies. If a finding of responsibility for violating this Policy is made, the remedies imposed may include supportive measures, the range of such supportive measures available to complainants and respondents is set forth in this Policy's definition of the term "supportive measures." Furthermore, such remedies may include disciplinary sanctions, punitive measures and measures that burden the respondent. The range of possible disciplinary sanctions and remedies that the University may impose following any determination of responsibility runs from supportive measures to expulsion, in the case of a student, and termination, in the case of an employee. The Title IX Coordinator is responsible for effective implementation of any remedies imposed under this Policy.

G. **Emergency Removal**. Notwithstanding any other provision of this Policy that may suggest otherwise, the University may choose to remove a respondent from any University education program or activity on an emergency basis if, based on an individualized safety and risk analysis, the University determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies such removal. When the University exercises its right to implement an emergency removal, the University will notify the respondent of that decision and provide the respondent with an opportunity to challenge the decision immediately following the removal.

H. **Administrative Leave**. Notwithstanding any other provision of this Policy that may suggest otherwise, the University may choose to place a non-student employee respondent on administrative leave during the pendency of a grievance process under this Policy. Furthermore, nothing in this Policy is intended to, or shall be construed to, modify the at-will nature of any employment relationship with the University.

Procedural Guidelines for Administrative and Student Conduct Hearings (Student Conduct Process)

The Student Conduct Board or Hearing Officer shall conduct hearings so as to assure the basic concept of procedural fairness. The following procedures shall be adhered to:

The Dean of Students or his or her designate is responsible for setting the hearing time, notifying all parties who are to testify, and forwarding all pertinent data to the appropriate board.

The Dean of Students shall give appropriate advance notice, in writing, of the charges against the student and copies of available evidence, to ensure that he or she may adequately prepare for such a hearing. The notice clearly indicates the date, time, and place of the hearing. The notification should be received by the student at least three calendar days prior to the hearing. Students who receive University accommodations under the Americans with Disabilities Act should notify the Hearing Officer about the accommodations that should be accorded them as part of the disciplinary process.

The hearing shall not be considered to be a legalistic trial. Rather, the Student Conduct Board or Hearing Officer shall examine all relevant facts and circumstances at the hearing, shall ensure the relevancy of witnesses' statements, and shall, using a standard of "more likely than not," determine whether the charged student should be held responsible for a violation of the Code of Conduct.

Hearings are confidential and closed to all but the principals of the case. At the discretion of the Hearing Officer, a transcript may be kept in audio taped or written form. The tape and transcript are the property of the Dean's Office. Students are not permitted to tape or otherwise record the proceedings. Transcripts will be kept by the Dean's Office and may be reviewed but not copied or removed from the Dean's Office.

All parties have the right to be assisted in their presentation by an advisor of their choice. The advisor may be, but is not limited to, a friend, a fellow student, or faculty member. The advisor may speak privately to the student charged during the proceedings with permission of the presiding Hearing Officer. At no time during the hearing, however, will such advisor be permitted to speak for the advisee. Each party may request a brief recess to consult with his or her advisor. The presiding officer rules on questions of procedure and is responsible for moving the proceedings along in a timely and orderly manner. Students are responsible for providing copies of all documents to their advisors.

Prior to the hearing (at least 24 hours), the student being charged should submit to the Dean a list of any witnesses he or she wishes to present and the nature of the testimony they may offer. This student should also submit a list of questions he or she wishes to have asked of the charging party.

At the hearing, the student being charged, and the charging party shall have ample opportunity to explain the circumstances surrounding the incident and are encouraged to present pertinent evidence and the testimony of witnesses in person. In addition, both parties shall be afforded the opportunity to comment on any written statements or other evidence presented, and to respond to questions.

No member of the Student Conduct Board or the Hearing Officer should be either a witness for or against the student or a person previously engaged in formulating the charge or in presenting the material relating to the case. Alternate members will be appointed in cases in which Board members have a perceived conflict of interest with the principals of the case.

The presiding officer rules on all objections, questions, and procedural points, subject to being overruled by majority vote of the Board. He or she also determines the sequence of testimony, including the option of having all principal parties meet together in the hearing. All those who participate in the hearing are obligated to conduct themselves in an orderly manner and to obey and abide by the presiding officer's rulings. The Dean of Students attends all hearings to serve as an advisor in the process.

Once all testimony is heard or read, the student being charged, and the charging party are asked to make a final statement and the Hearing Officer or Board members are given a final opportunity to ask questions. All persons other than Board members and the Dean of Students are then excused and the Board meets to render a decision. The Dean of Students does not vote.

The Hearing Officer or Board decides whether there was a violation of policy using a standard of “more likely than not.” They also determine whether the charged student should be held responsible for that violation. If so, sanctions are also imposed on the responsible student. Each decision must have been reached by a majority of the Board. Once a decision is reached, the student being charged is informed orally of the decision by the Dean of Students. Both parties receive the decision in writing from the Dean of Students as soon thereafter as is practicable (the charging party is informed only if the student charged signs a release form or if the case involves a violent act).

Appeals

Grounds for appeals:

- Procedural error
- New evidence
- Excessive sanction

Limits of appeal and sequence of appeal:

A student found in violation of a stated policy may appeal a disciplinary decision only once, based on one or more of the criteria cited above. The appeal may take place in one of the following stages:

Appeal of a decision by / Appeal to:

- Community Director in Residential Life / Associate Dean of Students
- Dean of Students or Coordinator of Student Affairs / University Student Conduct Board
- Academic Dean (or designee) / Provost
- University Student Conduct Board / Vice President for Enrollment Management and Student Affairs

Appeal Procedure

The act of filing an appeal usually postpones the action required by the initial decision until the appeal process is completed, unless the Dean of Students (in consultation with the President or others at the Vice-Presidential level) determines that postponement of the sanction may result in a serious threat to the University community.

The student must file the appeal through the Office of Student Affairs within 10 calendar days of receiving written notification of the decision. (An extension of this deadline may be requested in writing to the Dean of Students to accommodate periods of University recess or for other extenuating circumstances.) The Dean of Students then forwards the request to the appropriate Hearing Officer or the University Student Conduct Board.

The individual seeking the appeal must indicate, in writing, the specific bases or reasons for his or her appeal. The appeal statement should include the following: Student’s name, ID#, local address, phone number, reason for appeal (see 7 a. above), and appropriate information regarding why the appeal should be granted. The letter should be of sufficient detail to stand on its own without accompanying testimony to permit the evaluation of the merit of the grounds for appeal. For example, if there were procedural errors, the errors should be identified, and it should be noted what effect those errors had on the outcome of the case. If there is new evidence, the nature of that evidence and the potential effect on the outcome of the case should be noted. If the student believes the sanction was excessive, the student should take great care to note why they believe the sanction was excessive and should suggest a more reasonable sanction.

The appropriate Hearing Officer or an appeals committee of the University Student Conduct Board will consider the written statement of appeal and recommend action to be taken: denial of appeal or a new hearing. The individuals involved will receive written notification of the decision from the Dean of Students.

If the result of the appeal is an order for a rehearing, the hearing procedures described above shall apply. A new panel of Student Conduct Board members would rehear the case.

Policy Regarding Educational Programs and Campaigns to Prevent Dating Violence Domestic Violence, Stalking and Sexual Assault

Webster University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that are comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that—

1. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
2. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

The University places a strong emphasis on prevention and education programs and communications as effective ways to minimize sexual assault, harassment and other sexual offenses; to inform students and employees of key definitions of all types of sexual misconduct, the importance and meaning of consent in sexual relations and the role that incapacity plays in these offenses; strategies to stay safe, and bystander education. Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees.

Bystander Intervention

The University takes care to educate students, staff and faculty about safe and positive options to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. This is commonly referred to as bystander intervention. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. The University recognizes the importance of educating the campus community how to safely engage in bystander intervention.

All students are encouraged to report suspected sexual offenses, and in no case should intervene directly in a situation without assistance from the administration or authorities if doing so risks harm to the bystander or victim. Bystander intervention should be carried out only where safe and positive results are warranted. In all cases, bystanders should report any observed sexual offense. Employees are also required to comply with the reporting requirements for responsible employees.

Appendix E contains some suggested techniques for effectively engaging in bystander intervention. Additional training and information on bystander information is provided in all Primary Prevention and Awareness Programs and a number of the Ongoing Prevention and Awareness Campaigns.

Risk Reduction

Education on risk reduction is another important piece of education and awareness related to dating violence, domestic violence, sexual assault and stalking. In this context, risk reduction refers to options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. Information on risk reduction is included in all Primary Prevention and Awareness Programs and a number of the Ongoing Prevention and Awareness Campaigns. The University's suggested risk reduction strategies are based on the needs of the campus community and never encourage victim blaming.

Primary Prevention and Awareness Programs

All new incoming students to all of Webster's campuses are currently required to complete an online sexual misconduct awareness and prevention course through SafeColleges. The online course reviews Webster University community expectations, directs students to campus support and prevention resources, provides contact information for the Title IX Coordinator, and provides Bystander Intervention techniques.

All Webster University employees receive online training and are aware of their obligation to report sexual harassment on campus to the Title IX Coordinator. This online course covers the key elements of the following federal statutes: Title IX, the Clery Act, the Violence Against Women Act and Campus SaVE and Title VII. It also addresses employee rights and responsibilities as well as the specific roles and responsibilities of responsible employees.

The University's primary prevention and awareness programs for students and faculty/staff both include the following components:

- A statement that the University prohibits the crimes of domestic violence, dating violence, sexual assault and stalking;
- The VAWA definitions of domestic violence, dating violence, sexual assault and stalking;
- Any applicable state law definitions of domestic violence, sexual assault and stalking;
- Any applicable state law definitions of consent;
- The University's definition of consent and the purposes for which that definition is used
- Descriptions of safe and positive options for bystander intervention;
- Information on risk reduction;
- A statement of policy regarding the institution's programs to prevent dating violence, domestic violence, sexual assault, and stalking, and of procedures that the institution will follow when one of these crimes is reported; and the procedural requirements for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, and stalking.

Ongoing Prevention and Awareness Campaigns

Webster University engages in ongoing prevention and awareness campaigns which focus on programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution. The University utilizes a number of strategies and activities specifically designated to educate the community regarding sexual assault issues and to promote awareness of rape, acquaintance rape, and other sex offense prevention strategies.

The Sexual Offense Advocate and Title IX Coordinators at the main campus in Webster Groves work on a number of campaigns and programs, often in partnership with student or community groups each year at the Webster Groves campus. These individuals are also available to assist administration at branch campuses with similar campaigns and programming

Florida Sex Offender Registry

In response to Section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C 16921), Florida created an online database which can be accessed by the public at:

APPENDIX B – CRIME PREVENTION TIPS

While Webster University makes every effort to provide a safe campus, students, faculty, and staff must also do their part to help us maintain a safe environment. The University encourages everyone who attends, works or visits one of its campuses to follow basic personal and property crime prevention procedures.

Tips for Securing Valuables in an Office

- Always lock your office, even when you are away for a few minutes.
- If you have valuables stored in your office, do not leave them overnight.
- Never leave purses or other valuables unattended.
- Keep your desk and files locked when you are away.
- Never store money in your desk drawers or file cabinets
- Report all losses to your Campus Director immediately.

Tips for Securing Valuables in Residences

- Conspicuously mark items of value with a unique identifier making the items more difficult to sell and making it easier for law enforcement officials to return lost or stolen property.

Personal Safety Tips

- When walking alone after dark, walk on well-lighted, well-traveled walkways and plan your route ahead of time. Avoid places where attackers might hide (spaces between parked cars, overgrown shrubs, and dark passageways) and areas where you might get cornered. Remember that it is best to walk facing traffic.
- If anyone follows you while you are walking alone, look confident and let him or her know you are aware of their presence. Don't be polite or engage in conversation. If they continue to follow you, cross the street and/or change directions. If this doesn't work, walk toward other people or occupied buildings and stay away from places where you might get cornered.
- If you are trapped in your car and afraid for your safety, honk your horn in quick short bursts. This will attract people's attention.
- Make sure that all of the car doors are locked whenever you leave your vehicle.
- When returning to your car, have your keys ready so you can enter your car quickly and be aware of your surroundings. If you have to look into a purse or a pocket to find them, it takes extra time and you lose sight of what is around you, which could allow someone to sneak up on you.

Preventing Thefts from Vehicles

- Install a vehicle alarm or mechanical lock for the steering wheel or ignition.
- Always lock the doors and leave the windows rolled up.
- Keep valuables out of sight. Place valuable items in your trunk not the front or back seats.
- Know the license number, year, make and model of your vehicle.
- Never leave money, checkbooks, or credit cards in the vehicle at any time.

Preventing Bicycle Theft

- Keep bicycles locked any time they are unattended. Be sure the lock or cable goes through the front wheel, rear wheel and the frame, and secure it to a fixed object.

§ 794.021. Ignorance or belief as to victim's age no defense.

When, in this chapter, the criminality of conduct depends upon the victim's being below a certain specified age, ignorance of the age is no defense. Neither shall misrepresentation of age by such person nor a bona fide belief that such person is over the specified age be a defense.

§ 794.023. Sexual battery by multiple perpetrators; reclassification of offenses.

(1) The Legislature finds that an act of sexual battery, when committed by more than one person, presents a great danger to the public and is extremely offensive to civilized society. It is therefore the intent of the Legislature to reclassify offenses for acts of sexual battery committed by more than one person.

This subsection does not apply to life felonies or capital felonies. § 794.05. Unlawful sexual activity with certain minors.

(1) A person 24 years of age or older who engages in sexual activity with a person 16 or 17 years of age commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. As used in this section, "sexual activity" means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, sexual activity does not include an act done for a bona fide medical purpose.

(2) The provisions of this section do not apply to a person 16 or 17 years of age who has had the disabilities of nonage removed under chapter 743.

(3) The victim's prior sexual conduct is not a relevant issue in a prosecution under this section.

(4) If an offense under this section directly results in the victim giving birth to a child, paternity of that child shall be established as described in chapter 742. If it is determined that the offender is the father of the child, the offender must pay child support pursuant to the child support guidelines described in chapter 61.

§ 826.04. Incest.

Whoever knowingly marries or has sexual intercourse with a person to whom he or she is related by lineal consanguinity, or a brother, sister, uncle, aunt, nephew, or niece, commits incest, which constitutes a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. The automated notice shall be made within 12 hours after the sheriff or other law enforcement officer serves the injunction upon the respondent. The notification must include, at a minimum, the date, time, and location where the injunction for protection against repeat violence, sexual violence, or dating violence was served. The Florida Association of Court Clerks and Comptrollers may apply for any available grants to fund the development of the automated process.

6. Within 24 hours after an injunction for protection against repeat violence, sexual violence, or dating violence is lifted, terminated, or otherwise rendered no longer effective by ruling of the court, the clerk of the court must notify the sheriff or local law enforcement agency receiving original notification of the injunction as provided in subparagraph 2. That agency shall, within 24 hours after receiving such notification from the clerk of the court, notify the department of such action of the court.

(9) (a) The court shall enforce, through a civil or criminal contempt proceeding, a violation of an injunction for protection. The court may enforce the respondent's compliance with the injunction by imposing a monetary assessment. The clerk of the court shall collect and receive such assessments. On a monthly basis, the clerk shall transfer the moneys collected pursuant to this paragraph to the State Treasury for deposit in the Crimes Compensation Trust Fund established in s.960.21.

(b) If the respondent is arrested by a law enforcement officer under s. 901.15(6) for committing an act of repeat violence, sexual violence, or dating violence in violation of an injunction for protection, the respondent shall be held in custody until brought before the court as expeditiously as possible for the purpose of enforcing the injunction and for admittance to bail in accordance with chapter 903 and the applicable rules of criminal procedure, pending a hearing.

(10) The petitioner or the respondent may move the court to modify or dissolve an injunction at any time.

(11) Any law enforcement officer who investigates an alleged incident of dating violence shall assist the victim to obtain medical treatment if such is required as a result of the alleged incident to which the officer responds. Any law enforcement officer who investigates an alleged incident of dating violence shall advise the victim of such violence that there is a domestic violence center from which the victim may receive services. The law enforcement officer shall give the victim immediate notice of the legal rights and remedies available on a standard form developed and distributed by the Department of Law Enforcement. As necessary, the Department of Law Enforcement shall revise the Legal Rights and Remedies Notice to Victims to include a general summary of this section, using simple English as well as Spanish, and shall distribute the notice as a model form to be used by all law enforcement agencies throughout the state. The notice shall include:

(a) The resource listing, including telephone number, for the area domestic violence center designated by the Department of Children and Families; and

(b) A copy of the following statement: "IF YOU ARE THE VICTIM OF DATING VIOLENCE, you may ask the state attorney to file a criminal complaint. You also have the right to go to court and file a petition requesting an injunction for protection from dating violence which may include, but need not be limited to, provisions that restrain the abuser from further acts of abuse; direct the abuser to leave your household; and prevent the abuser from entering your residence, school, business, or place of employment."

(12) When a law enforcement officer investigates an allegation that an incident of dating violence has occurred, the officer shall handle the incident pursuant to the arrest policy provided in s. 901.15(7), and as developed in accordance with subsections (13), (14), and (16). Whether or not an arrest is made, the officer shall make a written police report that is complete and clearly indicates that the alleged offense was an incident of dating violence. Such report shall be given to the officer's supervisor and filed with the law enforcement agency in a manner that will permit data on dating violence cases to be compiled. Such report must include:

(a) A description of physical injuries observed, if any.

(b) If a law enforcement officer decides not to make an arrest or decides to arrest two or more parties, the grounds for not arresting anyone or for arresting two or more parties.

(c) A statement which indicates that a copy of the legal rights and remedies notice was given to the victim.

Whenever possible, the law enforcement officer shall obtain a written statement from the victim and witnesses concerning the alleged dating violence. The officer shall submit the report to the supervisor or other person to whom the employer's rules or policies require reports of similar allegations of criminal activity to be made. The law enforcement agency shall, without charge, send a copy of the initial police report, as well as any subsequent, supplemental, or related report, which excludes victim or witness statements or other materials that are part of an active criminal investigation and are exempt from disclosure under chapter 119, to the nearest locally certified domestic violence center within 24 hours after the agency's receipt of the report. The report furnished to the domestic violence center must include a narrative description of the dating violence incident.

(13) Whenever a law enforcement officer determines upon probable cause that an act of dating violence has been committed within the jurisdiction, or that a person has violated a condition of pretrial release as provided in s. 903.047 and the original arrest was for an act of dating violence, the officer may arrest the person or persons suspected of its commission and charge such person or persons with the appropriate crime. The decision to arrest and charge shall not require consent of the victim or consideration of the relationship of the parties.

(14) (a) When complaints are received from two or more parties, the officers shall evaluate each complaint separately to determine whether there is probable cause for arrest.

(b) If a law enforcement officer has probable cause to believe that two or more persons have committed a misdemeanor or felony, or if two or more persons make complaints to the officer, the officer shall try to determine who was the primary aggressor. Arrest is the preferred response only with respect to the primary aggressor and not the preferred response with respect to a person who acts in a reasonable manner to protect or defend himself or herself or another family or household member from dating violence.

(15) A person who willfully violates a condition of pretrial release provided in s. 903.047, when the original arrest was for an act of dating violence as defined in this section, commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, and shall be held in custody until his or her first appearance.

(16) A law enforcement officer acting in good faith under this section and the officer's employing agency shall be immune from all liability, civil or criminal, that might otherwise be incurred or imposed by reason of the officer's or agency's actions in carrying out the provisions of this section.

It is not necessary to prove that the person making the threat had the intent to actually carry out the threat. The present incarceration of the person making the threat is not a bar to prosecution under this section.

(9) (a) The sentencing court shall consider, as a part of any sentence, issuing an order restraining the defendant from any contact with the victim, which may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any such order be based upon the seriousness of the facts before the court, the probability of future violations by the perpetrator, and the safety of the victim and his or her family members or individuals closely associated with the victim.

(b) The order may be issued by the court even if the defendant is sentenced to a state prison or a county jail or even if the imposition of the sentence is suspended and the defendant is placed on probation.

APPENDIX D – BYSTANDER INTERVENTION TIPS

The University encourages the campus community to recognize that we all have an opportunity to make a difference and reduce the incidents of sexual misconduct on our campus, by learning how to intervene when we witness a situation that makes us uncomfortable, or we know is wrong. One method of bystander intervention is referred to as the “3 D’s - Distract, Delegate, and Direct.” Information about how to engage in this method appears below. **IMPORTANT REMINDER:** You should always assess whether you can safely intervene before engaging in any of the techniques described below.

Distract. This technique involves causing some form of distraction that will interrupt the flow of what is happening. Once you identify a high-risk situation you can attempt to distract either of the two individuals.

Examples:

- Ask one of the people to help you find a lost item.
- Interrupt to ask for directions.
- Spill a drink.
- Start talking to the couple and don’t leave, so isolation cannot happen.
- An easy technique you can use is to invite the targeted individual to go outside for some fresh air. Once he or she is away from the other person, check in and ask if she or he needs help.

Delegate. When a bystander doesn’t feel safe to approach the situation alone, she or he can involve others.

Examples:

- Group intervention. There is power in numbers. If you don’t feel comfortable going by yourself, ask a group to go with you. Say to one’s friends, I am concerned for that person. Can you find their friends and get them to check on the situation, while I stay here and watch?
- Ask a bouncer at a bar to look into the situation
- Ask the host to intervene. For example, I am worried for that girl, who is so drunk. Could you let that guy know that upstairs is off limits?

Direct. With the direct approach, you confront either the potential target or the person who you think is potentially about to commit a sexual assault.

Examples:

- Say, “we are finding their friends and they will take them home.”
- Say to the targeted individual, “I am not letting a stranger take you home.”
- Say to the possible perpetrator, “Hey, you can’t take them upstairs; it’s not a good idea.”

Please contact one of the University’s Title IX Coordinators or the Sexual Offense Advocate with any questions about the material provided in this Appendix or about bystander intervention generally.
