

Using This Guide:

This guide is intended to assist prospective Webster University students in understanding the University's Global Citizenship Program (GCP) requirements and how to fulfill these requirements at Jefferson College. This should not be used in place of individual academic advising. All students are strongly encouraged to meet with a Webster University transfer admissions counselor early in their academic career to ensure a smooth transfer experience. All transfer credit is subject to final evaluation by the Registrar's office upon admission to Webster and receipt of official transcripts.

Transfer with AA Degree or Approved General Education Block:

Students who transfer with an Associate of Arts degree or the Missouri CORE 42 general education block will have satisfied the general education requirements and GLBC 1200 First Year Seminar requirement of the Global Citizenship Program. Completion of the general education program must be verified or documented on the official transcript from Jefferson College. All students are required to take the Global Keystone Seminar at Webster University.

Transfer without AA Degree or Approved General Education Block:

Students transferring without completion of an approved associate of arts degree or approved block of general education credit will have previous college-level coursework evaluated on a course-by-course basis. The transfer guide will explain Webster University's general education requirements and direct students how to fulfill these requirements with Jefferson College coursework.

Transfer with AFA Degree:

Students who have completed an Associate of Fine Arts (AFA) degree from a regionally accredited community college and pursuing a Bachelor of Fine Arts or Bachelor of Music degree at Webster will have satisfied the first year seminar and general education section of the Global Citizenship Program, as accommodated for the BFA or BM. Students with an AFA who choose to pursue a degree other than a BFA or BM at Webster will have coursework evaluated on a course-by-course basis for the GCP.

About the Global Citizenship Program:

The Global Citizenship Program (GCP) is a set of undergraduate degree requirements and a general education program developed by Webster University faculty to help prepare students to confront global problems and 21st century challenges.

Requirements of the GCP:

I) General Education Requirements

A. Course (Knowledge) Requirements: 24 credit hours distributed as indicated below.

1. Six (6) credit hours from courses with two different prefixes designated *Roots of Cultures (ROC)*.
2. Six (6) credit hours from courses with two different prefixes designated *Social Systems & Human Behavior (SSHB)*.
3. Three (3) credit hours from courses designated *Physical and Natural World (PNW)*.
4. Three (3) credit hours from courses designated *Global Understanding (GLBL)*.
5. Three (3) credit hours from courses designated *Arts Appreciation (ARTS)*.
6. Three (3) credit hours from courses designated *Quantitative Literacy (QL)*.

No courses used to fulfill the requirements of a student's *first* major may be used to satisfy GCP Course (Knowledge) requirements. Courses in a second major or in a minor or certificate program may be used to satisfy GCP course requirements.

Special accommodations for GCP are made for a small number of majors with high credit-hour requirements. These are noted in the undergraduate catalog for the applicable majors. Questions should be directed to Webster transfer admissions counselor or academic advisor.

B. Skills Requirements:

1. All students must complete three (3) credit hours in courses coded for each of the following skills:
 - a. *Written Communication (WCOM)*
 - b. *Oral Communication (OCOM)*
 - c. *Critical Thinking (CRI)*
 - d. *Intercultural Competence (INTC)*
 - e. *Ethical Reasoning (ETH)*

Courses used to fulfill requirements of a student's major may be used to satisfy GCP Skills requirements. Courses taken at Webster will likely be coded for a GCP course (knowledge) area and GCP skills area.

II) Undergraduate Degree Requirements: 6 credit hours as indicated:

A. GLBC 1200 Global Cornerstone Seminar ~~ For students who transfer to Webster University, a substitute for First Year Seminar will need to be completed, either at Webster or in transfer. Courses in transfer that may be approved to meet this requirement include interdisciplinary studies courses, Liberal Arts seminar courses, or similar first-year courses offered at another college or university that focus on integrative learning and that are academic in nature. Basic orientation/intro to college courses would not be sufficient. Questions should be directed to Webster transfer admissions counselor or academic advisor.

Students from Jefferson College who transfer with any associates degree or the Missouri CORE 42 general education block will have satisfied the GLBC 1200 First Year Seminar requirement.

B. Global Keystone Seminar ~~ This course is an upper level undergraduate degree requirement for all students, to be completed at Webster University. The course engages students in developing and using intellectual and practical skills to demonstrate their understanding of responsible global citizenship, through collaborative participation in meaningful, real-world projects and problem-solving experiences. Additional information, including Global Keystone course descriptions can be found here:

Missouri Reverse Transfer:

Webster University is participating in the [Missouri Reverse Transfer](#) statewide initiative to help more Missourians earn associate degrees. Webster has partnered with each community college in the state to help students apply Webster University credit back to the community college to earn the associate degree, if they transferred prior to earning the degree. Please speak with your transfer admissions counselor or academic advisor for more information.

Transfer Guidelines:

Webster University will generally grant credit for all college-level courses completed with a passing grade from accredited colleges and universities. In reviewing transfer credit, the following guidelines apply:

- Maximum of 90 credit hours may be transferred; all students must complete 30 of the final 36 hours directly from Webster University.

- Within the 90 hour maximum, only 64 hours can be lower- division or community college coursework unless an approved associate’s degree has been completed. If an associate degree has been completed, only the number of hours earned toward that degree will be transferred.
- Duplicate coursework does not transfer.
- Students must earn a grade of C- or better in any course they wish to apply toward Global Citizenship Program requirements.

Please see [Undergraduate catalog](#) for more detailed information regarding credit transfer policies.
