ABOUT THE DEPARTMENT OF ANTHROPOLOGY & SOCIOLOGY:

Programs in the Department of Anthropology & Sociology analyze social and cultural dimensions of human life in the contemporary world, foster critical thinking and analytic skills among students, and seek to help students draw links between their individual lives and broader processes of political, economic, and social/cultural change. By understanding how our lives are intertwined with larger social structures and processes, students will be better able to engage in the world around them.

The *cultural anthropology* program focuses on the study of everyday lives in human cultures across the globe, with attention to human rights, immigration and urban life, and sustainability and indigenous peoples.

The *sociology* program emphasizes globalization and empiricism, providing students the tools to critically analyze patterns of social behavior, with particular attention to race, gender, social class, and diversity.

The *criminology* program provides special focus on transnational crime, especially terrorism and homeland security, and elite offending, especially white collar crime.

The *women and gender studies* program engages Webster's legacy of social justice to provide students with the practical and intellectual tools to analyze gender and sexualities.

WEBSTER DEGREE REQUIREMENTS:

A minimum of **128** credit hours consisting of the following:

WEBSTER ADMISSION REQUIREMENTS:

When considering an application, Webster looks for evidence of potential for academic success. A cumulative GPA on all college level coursework of at least 2.5 on a 4.0 scale is preferred; however, each applicant is given individual consideration. If you have circumstances which might affect your admission this may be discussed confidentially with a member of the admissions staff. The University operates on rolling admission, and application files are reviewed by an admissions counselor as soon as all requested credentials have been received.

Each transfer applicant must submit:

Webster University is participating in the [Missouri Reverse Transfer](#) statewide initiative to help more Missourians earn associate degrees. Webster has partnered with each community college in the state to help students apply Webster University credit back to the community college to earn the associate degree, if they transferred prior to earning the degree. Please speak with your transfer admissions counselor or academic advisor for more information.

GENERAL EDUCATION/GLOBAL CITIZENSHIP PROGRAM:

Webster University requires all baccalaureate students to complete a general education program. The University has implemented a new set of general education requirements. The Global Citizenship Program (GCP) is a set of undergraduate degree requirements and a general education program developed by Webster University faculty to help prepare students to confront global problems and 21st century challenges.

Students who complete an Associate of Arts (AA) degree or the CBHE-approved block of general education before transferring to Webster University will have satisfied the general education requirements and FRSH 1200 First Year Seminar requirement of the GCP. All students are required to take the Global Keystone Seminar at Webster.

Students completing other associate degrees will have previous credits reviewed on a course-by-course basis for applicability to the GCP. See *GCP Transfer Guide developed for St. Charles Community College*.
