

Webster University awards credit for StraighterLine courses. Specific information about StraighterLine courses can be found on the [StraighterLine website](#). In order to receive credit, students must request an official transcript be sent from the [American Council on Education \(ACE\)](#).

Prior to completing a StraighterLine course, it is recommended that you discuss this with your academic advisor. There are many factors to consider, such as how it will apply toward degree requirements, potential duplication of credit, or whether certain upper-level courses completed may restrict any additional lower-level credit (particularly in languages).

The following StraighterLine courses have been evaluated based on Webster’s Global Citizenship Program (GCP), a general education program developed by Webster University faculty to help prepare students to confront global problems and 21st century challenges. Please consult with your Webster admissions counselor or academic advisor to determine how StraighterLine credit could transfer in as department credit.

StraighterLine Courses	Required Score	GCP Equivalent	Credit Hours
Accounting I	70	General Elective	3
Accounting II	70	General Elective	3
American Government	70	Social Systems & Human Behavior (SSHB)	3
